WELCOME FROM THE CHANCELLOR

August 20, 1998 marked the beginning of a new era for educational excellence and opportunities for the citizens of Baton Rouge and the metropolitan area. Baton Rouge Community College is a state authorized and supported institution of higher education with programs and courses sanctioned by the Louisiana Board of Regents. BRCC is a comprehensive community college offering associate degrees and certificate programs to meet the needs of students. Articulation and cross enrollment agreements exist with Louisiana State University, Southern University and Southeastern Louisiana University to provide for the transfer of our students into the four-year degree programs of the foregoing institutions.

We aspire to educate and train our students successfully in diverse program areas of occupational-technical education, transfer to senior institutions, compensatory education and lifelong learning skills, adult continuing education, workforce training and community services. We make every reasonable effort to respond quickly to local or regional educational needs and facilitate their delivery at the point of need by developing academic courses, curricula or short courses.

BRCC boasts a competent, highly credentialed, and experienced faculty and staff. They are dedicated to helping students achieve their educational goals whether they are initiating goals, changing goals and careers, or updating and enhancing current skills. We understand and endorse the precept that learning is forever. Therefore, students of all ages, backgrounds and skills levels are welcome at BRCC.

Our programs, services, technology, and facilities are among the best available in higher education. We have a full service library that is on-line with the LOUIS state-wide library system. Our academic learning centers, which are convenient and comfortable to use, provide the use of computer-based instruction and tutoring services. Tutors are available to provide assistance in English grammar, mechanics and composition; fundamental math; algebra; biology; social studies; fine arts; French and Spanish. In addition, the College also offers an open computer lab that allows students to work independently on their computer skills and class projects.

BRCC is an exciting place to dream, learn, grow, and achieve. We challenge you to join the Baton Rouge Community College family as we embark on an exciting educational journey into the twenty-first century.

Sammie W. Cospers
Interim Chancellor

GENERAL INFORMATION

HISTORICAL OVERVIEW

Higher education in Louisiana has long been in need of a comprehensive community college system and/or at least the development of a community college in the Greater Baton Rouge Metropolitan Area. For at least ten years during the last two decades, discussions about the development of a community college have been under way. These discussions reached fruition during the spring of 1994. The office of the Governor of Louisiana mandated that higher education parties fashion an agreement with the U.S. Department of Justice to desegregate the dual system of higher education.

Among the provisions of The Settlement Agreement, it was mandated that "the State shall create and begin operation of a community college in the Baton Rouge area ..." and the community college "... shall be jointly administered initially by the LSU Board and the SU Board under a plan which assures that the community college will begin and continue operation as an integrated institution with respect to students, faculty, administration and staff (United States v. Louisiana, November 4, 1994)."

To enact R.S. 17:3222, Legislative Act 921 (Senate Bill 1206) became effective upon June 28, 1995, whereby the Baton Rouge Community College was instituted.

On January 22, 1996, Dr. Marion Bonaparte was hired as the first Chancellor of the Baton Rouge Community College. With the support and dedication of Governor M. J. "Mike" Foster, Jr., and the Commissioner of Administration, Mark C. Drennen, a brand new, state-of-the-art facility was built. The College opened its doors on August 20, 1998 with an enrollment of 1866 students, far exceeding the projected enrollment of 700.

The Management Council, formed June 5, 1995, was the initial governing body for the College. It was comprised of 6 members of the LSU and SU Boards of Supervisors with the System Presidents of these institutions serving as ex-officio members of the Council. The System Presidents were Dr. Allen Copping, Louisiana State University and Dr. Dolores R. Spikes, Southern University. On October 16, 1995, officers were elected by the Council: Mr. Patrick Fontenot (SU), Chairman; Mr. John Williams (LSU), Vice Chairman; Mr. Clarence L. Barney (LSU), Rev. Jesse B. Bilberry, Jr. (SU), Mr. Victor Bussie (LSU), Mr. Edselle Cunningham (SU), Mr. Charles V. Cusimano (LSU), Mrs. Laura A. Leach (LSU), Dr. Andrea G. Jefferson (SU), Mrs. Nina H. Marchand (SU), Dr. Jesse N. Stone, Jr. (SU), and Mr. Milton J. Womack, Jr. (LSU). On January 1, 1997, Dr. Leon Tarver was named System President for Southern University. Other

Chairs have been: Mr. John Williams (LSU); Dr. Andrea G. Jefferson (SU); and Mrs. Laura Leach (LSU).

On January 12, 1999, Governor M. J. "Mike" Foster, Jr., made appointments to the Louisiana Community and Technical College System Board of Supervisors. This new system, LCTCS, is the first Board of Supervisors for the community and technical colleges in the state. The board began its operations July 1, 1999, under the leadership of Dr. Wayne Brown, President of the LCTCS System. Dr. Sammie W. Cospers was appointed Interim Chancellor of the Baton Rouge Community College on July 2, 1999.

Baton Rouge Community College is located in the heart of Baton Rouge, serving the metropolitan and surrounding areas. The college offers two-year college transfer degree programs that prepare students for bachelors degrees, and two-year terminal (or career) programs that provide training for specific employment areas. Located near Louisiana State University and Southern University, BRCC has established articulation and cross enrollment agreements with these institutions as well as Southeastern Louisiana University. These agreements allow students to transfer with ease to four-year universities/colleges. The College environment is safe, affordable and accessible; and offers excellent academic programs, services, and technology to meet the needs of the students.

OUR MISSION

The Baton Rouge Community College (BRCC) is an open admission, two-year post-secondary public institution. The mission of BRCC includes the offering of the highest quality collegiate and career education through:

- comprehensive curricula allowing for entry into the workforce or for transfer to four-year colleges and universities;
- community education and workforce development programs and services;
- life-long learning; and
- distance learning programs

that will prepare students to enter the job market, to enhance personal and professional growth, or to change occupations through training and retraining. The curricular offerings shall include courses and programs leading to transfer credits and to certificates, diplomas, and associate degrees.

Because of its unique location, BRCC is particularly suited to serve the special needs of area businesses and industries and the local, State, and federal governmental complexes. All offerings are designed to be accessible, affordable, and of high educational quality. In fulfilling our goals at BRCC, we will:

- (a) collect and analyze data on post-secondary participation in the area to identify segments of the population that lack access to higher education because of proximity, cost, preparation, appropriate programs or motivation, and develop strategies to serve these populations;
- (b) explore and initiate new approaches while expanding proven programs for preparing disadvantaged students for post-secondary education;
- (c) develop clear procedures for transfer to four-year institutions whether by articulated academic programs, dual admissions, or other cooperative efforts;
- (d) design effective vocational programs that not only provide entry-level vocational skills, but also develop communication skills, promote intellectual growth, and provide incentives for higher educational levels;
- (e) develop partnerships and/or working relationships with area high schools and vocational/technical institutions;
- (f) evaluate our programs, our responsibilities to the Baton Rouge metropolitan area, and our ability to serve the public;
- (g) incorporate development goals (student, personal, and social) designed to emphasize the shaping of quality lifelong learning experiences; and
- (h) expand the availability of customized continuing education through distance learning.

OUR ROLE

The role of the Baton Rouge Community College is to provide instruction for students in the liberal arts, the sciences, and in selected professional fields. BRCC is an open admissions two-year post-secondary public college. Admission to the College is open to any person holding a valid high school diploma or its equivalent.

OUR SCOPE

Our scope encompasses instruction, community outreach, and service. As a public comprehensive community college, we are committed to general education, applied science, developmental education, student support

services, community services, continuing education, economic development, campus life, diversity, advisement, guidance, assessment, and occupational and vocational/career development. Together with quality and access, our mission components will result in the delivery of educational excellence.

OUR BELIEFS

We believe that people, without exception, should be encouraged to pursue all opportunities to fully develop their potential and to become active participants in the affairs of society. We further believe that they have the right to:

- actively direct their own lives;
- experience diversity;
- openly communicate beliefs, values, and emotions;
- enjoy the benefits of lifelong learning;
- experience a just, valued, and caring community; and
- learn about the values and laws of a disciplined community.

OUR VALUES

We firmly believe in a value system that emphasizes:

- achievement of the human potential;
- equality and fairness;
- family and community;
- preservation of human dignity;
- freedom of open discourse;
- creative and innovative change;
- excellence in teaching, learning, and student success;
- recognition of individual and collective responsibility.

COMMUNITY COLLEGE CONCEPTS

The central goal of Baton Rouge Community College is to build and strengthen human growth and development through education. The Commission on the Future of Community Colleges defined this goal precisely: "At the center of building community there is teaching. Teaching is the heartbeat of the educational enterprise and, when it is successful, energy is prompted into the community-continuously renewing and revitalizing the institution. Therefore, excellence in teaching is the means by which the vitality of the college is extended and a network of intellectual enrichment and cultural understanding is built."

ADMISSIONS

ADMISSIONS POLICY

Baton Rouge Community College (BRCC) has an open-door admissions policy. Students who can benefit from the programs offered are accepted without regard to race, religion, sex, national origin, age, physical disability, marital or veteran status. Graduates of a state-approved high school, individuals who have obtained the General Equivalency Diploma (GED), or individuals who are eighteen (18) years of age or older are eligible for admission. High school students who are at least 16 years of age may be admitted through concurrent enrollment which allows them to register in a maximum of two college courses simultaneously with their high school courses. Admission to the College does not, however, ensure admission to a particular program of study.

STUDENT CLASSIFICATIONS

First Year Undergraduate Student – a student who has earned 29 or fewer college credits, but has not previously earned a bachelor's degree..

Second Year Undergraduate Student – a student who has earned 30 or more college credits, but has not previously earned a bachelor's degree.

APPLICATION PROCEDURE

Persons applying for admission to BRCC must:

- Complete and submit the application form.
Priority Application Deadlines:

Fall Semester	August 1, 2000
Spring Semester	January 5, 2001
Summer Semester	May 30, 2001
- Pay a \$7.00 application fee.
- Present an official (mailed directly from the Registrar's Office) high school transcript, high school diploma (or copy), or a GED diploma that is certified by a state agency. Persons who do not meet this requirement must be approved by the Office of Enrollment Services.
- First time students born after 1956 must provide proof of immunization against measles, mumps, rubella, and tetanus-diphtheria (Louisiana R.S. 17:110). Immunization forms are available in the Office of Enrollment Services.

Note: Submission of forged or altered credentials may lead to criminal prosecution.

All admission requirements must be met within 30 calendar days from the official first day of class. Failure to provide all required documentation may result in dismissal.

LOUISIANA RESIDENT STATUS

Eligibility for classification as a resident of Louisiana is determined by the Office of Enrollment Services in accordance with BRCC regulations and is based on evidence provided on the application for admission and related documents. Requirements relate primarily to the location of the home and place of employment. Factors considered in determining residency status include but are not limited to the following:

1. A student must have lived and worked in Louisiana for one full year immediately preceding the first day of class.
2. A student may not establish residency for the primary purpose of education.
3. A student who has paid Louisiana income taxes as a resident during the past tax year.
4. Special provisions have been made for students who have moved to Louisiana for employment purposes and military personnel stationed in Louisiana.

Resident classification and all fees are audited and adjusted, if necessary, after registration and will be reflected on the student's account.

TEST REQUIREMENTS

The following tests will be used for placement purposes:

American College Test (ACT)
Scholastic Aptitude Test (SAT)
BRCC Placement Test

Score reports should be sent to the Office of Enrollment Services. BRCC's ACT code is 1603; the SAT code is 6023. Individuals who have not taken the ACT or the SAT will take BRCC's Placement Test. Applicants whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL). A TOEFL score of at least 500 with a minimum score of 5 on the Test of Written English (TWE) is required. Test scores are used for counseling and placement purposes only.

Applicants will not be refused admission to the College because of low test scores. Students whose test scores indicate a need for preparation in basic skills will be required to enroll in developmental education courses. Enrollment in general education courses may be restricted for students who are enrolled in developmental education courses.

TRANSFER STUDENTS

A transfer student is any student who has been previously enrolled at another college or university. Transfer students may enroll at BRCC if they are eligible for readmission at the last school attended. Transferring students must submit an application for admission, a non-refundable \$7.00 application fee (\$35.00 for international students), and official transcripts from all previous institutions attended. Students may be admitted provisionally until all required transcripts are received.

A student on academic suspension may enroll at BRCC with the written approval of the Chief Academic Officer at the suspending institution and upon approval of the Academic Appeals Committee.

Note: Immediate dismissal may result for failure to acknowledge attendance at another college or university.

TRANSFER CREDITS

Transfer credits from all regionally accredited institutions of higher education are recorded on the student's academic record. Developmental course credits are not accepted toward a degree or certificate, but are entered on the student's record. Courses taken at institutions that are not accredited by a regional accrediting association are generally not accepted at BRCC. However, students transferring from non-regionally accredited institutions can request credit if faculty qualifications and student competencies can be documented. Students may use the following avenues to gain acceptance of such course work:

- Establish that another regionally-accredited institution has accepted the courses in question toward a degree or certificate.

Acceptance of transfer credits to meet degree and certificate program requirements will be governed by the following guidelines:

1. Acceptance of courses taken before a student transfers to BRCC is determined by the dean upon the recommendation of the faculty.
2. Acceptance of courses that are not directly equivalent to courses taught at BRCC is recommended by the faculty and approved by the dean.
3. Grades for transferred courses will be interpreted according to the BRCC grading scale and will be recorded as follows:
 - a) Grades of W, WA, WB, WC, WD, and WP will not be recorded.
 - b) Plus (+) or minus (-) symbols will be disregarded.
 - c) Grades of Pass, Credit, and Satisfactory will be treated alike.

- d) Pass, Credit, and Satisfactory will count only in hours earned.
- e) Fail grades, including WF, will count as hours attempted.
- f) Grades in remedial courses are recorded but not counted in GPA calculation.
- g) Grades of NC (no credit) will not be recorded.

4. Transcripts will be evaluated for degree-seeking students during their first semester at BRCC by the Office of Enrollment Services.
5. A transfer grade of "C" is the lowest acceptable in English Composition I and II.
6. If the transfer work was earned in quarter hours, the credits will be converted to semester hours (the number of quarter hours times 2/3 equals the number of semester hours).
7. Transfer credits earned will be accepted toward degree requirements based upon the degree program.
8. A student may petition the acceptance of transfer credits to the appropriate Academic Dean.

PROVISIONAL ADMISSION STATUS

Provisional admission status is a temporary arrangement that allows students to attend BRCC until their records have been received from another institution(s). Students may be granted provisional admission when required documentation is not available. Admission will be canceled if the required records received do not qualify the applicant for admission.

TRANSIENT STUDENTS

Transient students are students who attend BRCC only for a summer session. Students in good standing who are currently enrolled at another institution who plan to attend BRCC for the summer session only may be admitted by applying for admission and submitting a Letter of Good Standing (from the Registrar or Dean) or official transcript from the college or university in which they are currently enrolled. Students who decide to continue past the one semester for which they were admitted will be required to apply for regular admission, submit all required official transcripts, and meet transfer admission requirements. Transient students are not eligible for Student Financial Aid.

NON-CREDIT COURSES

In addition to the customary degree or certificate seeking routes, persons may take courses at Baton Rouge Community College for personal enrichment; for example, students sponsored by employers, governmental groups, or for other such purposes. These students are declared

as "non-degree seeking" and are not subject to most admission requirements, but may be required to meet the requirements/prerequisites for specific courses. Persons seeking to enroll in noncredit courses only must file an application if such should be needed. Non-degree seeking students do not qualify for Student Financial Aid.

EARLY ADMISSION PROGRAM

BRCC has an Early Admission Program that permits certain students to enroll at BRCC while being concurrently enrolled in high school. Students are eligible for this program if they:

- 1) are a high school junior or senior with a "B" grade point average;
- 2) have a letter of consent from the high school principal or designated official and a parent or guardian; and
- 3) meet course or program requirements.

Students admitted under the Early Admission Program must complete all college courses attempted with a grade of "B" or better in order to continue enrollment. Students in this program may not enroll in developmental courses. The College reserves the right to limit the number of hours and the specific courses in which a high school student may enroll. During summer sessions, high school students admitted under this category are permitted to enroll for a maximum of six (6) hours. A student enrolled in the Early Admissions Program may be dropped from the College immediately if a disciplinary problem arises.

CONCURRENT/DUAL ENROLLMENT

Concurrent or dual enrollment means that a student is enrolled at more than one institution. A student who is enrolled at BRCC is required to notify the Office of Enrollment Services whenever he or she enrolls at another college or university. Upon completion of each semester of concurrent enrollment, the student is required to have an official transcript from the other institution sent to BRCC; academic standing is based on all course work attempted.

This policy does not apply to students who are officially cross-enrolled with Southern University, Louisiana State University, or Southeastern Louisiana University.

CROSS ENROLLMENT

Cross enrollment means that a student is enrolled at one institution but also takes classes at another institution. Articulation Agreements between BRCC and SU, LSU, and SLU permit students to register for a limited

number of preapproved classes at each of these institutions when they register at BRCC. Students should contact the Office of Enrollment Services for information regarding the necessary procedure. Students who enroll in course work at BRCC for the purpose of transferring the credits must get permission from the current institution to ensure that the credits will be transferable.

READMISSION

Students who have not enrolled for more than two semesters must submit a new application and application fee. A transcript of credits earned at another college or university during the "non-enrolled" period is required. A student who does not enroll at BRCC for a fall or spring semester must adhere to the catalog in effect at the time of re-entry in order to meet graduation requirements.

REQUIREMENTS FOR A SECOND DEGREE OR CERTIFICATE

A student must meet all graduation requirements for the second degree or certificate. Students seeking a second certificate must earn at least an additional nine semester hours, while an additional 15 semester hours must be earned for a second associate degree in the second major; these hours cannot have been applied toward the first degree or first certificate. In addition, an official declaration of major must be on file prior to applying for a second degree or certificate so that the appropriate catalog requirements can be determined. In degree programs where there are several options, a different option is not considered a second degree. For example, more than one business technology degree will not be awarded even when a different area of concentration has been completed.

ACADEMIC AMNESTY (RENEWAL)

BRCC provides an opportunity for students who, after dropping out or being suspended because of academic deficiencies, demonstrate sufficient maturation to be afforded an opportunity to begin college matriculation again. The following standards apply:

1. At least three years must have elapsed between the end of the semester in which the student was last registered for credit at any college or university and being enrolled under academic amnesty.

2. The student must submit an application for academic amnesty to the Office of Enrollment Services during the semester in which the student registers. The application shall include evidence that conditions have changed and that there is reasonable expectation of satisfactory performance.
3. The Office of Enrollment Services shall evaluate each application and only recommend for approval those who satisfy the requirements and who can indicate the potential for success. Applying for academic amnesty does not ensure approval.
4. No prior academic credit carries forward as part of a degree program; however, the prior record remains a part of the student's overall academic record.
5. If granted, the date of academic amnesty is entered upon the transcript along with a statement prohibiting use of previously earned credits and quality points to (a) meet degree requirements, (b) compute the GPA leading toward undergraduate certificates or degrees, or (c) determine graduation status.
6. Upon being granted academic amnesty, the student has the status of a first time student and will begin a new record showing no credits attempted, no quality points earned, and no prior suspensions.
7. A student demonstrating competency in a given area may be allowed advanced standing (without credit) or a waiver of requirements just as any entering first time student.
8. BRCC will accept, in transfer, academic amnesty granted at another institution. However, academic amnesty may be granted to a person only once, regardless of which institutions were attended.
9. Students are cautioned that many undergraduate professional curricula, graduate, and professional schools compute the undergraduate GPA on all hours attempted when considering applications for admission.

College Level Examination Program (CLEP)

The College Level Examination Program (CLEP) allows students the opportunity to earn credit in certain subject areas. Students enrolled at BRCC and prospective students may earn up to 30 semester hours of college credits for acceptable scores made on CLEP exams. Scores on the general examination must be submitted prior to initial enrollment by students who desire CLEP credit for subject examinations.

Students may receive credit only in subjects in which they have not earned academic credit that has or will be accepted by BRCC. Students may not attempt credit by examination for a course in which a failing grade has been earned or for a basic course in areas in which acceptable college credit for more advanced courses has been obtained.

Students are graded on a pass/fail basis and must earn the minimum scores indicated for a passing grade. The grade is not computed in the student's cumulative grade point average, nor does it replace an earned letter grade. Students may not attempt credit by examination more than once in a given course. Credit by examination is available only to enrolled students. Grades are recorded on the student's transcript upon successful completion of the examination.

Credit for Advanced Placement

BRCC will grant college credit to students who score 3, 4, or 5 on one or more of the Advanced Placement Examinations of the College Entrance Examination Board, not to exceed 30 hours credit. To be eligible, the student must take the examination prior to enrollment in college and must be enrolled at the College when credit is awarded.

AUDITING STATUS STUDENTS

Students who do not wish to earn college credit may enroll for no credit audit status during the registration period. A student who is ineligible to enter a previous college because of academic suspensions is, with the permission of the suspending institution and BRCC, eligible to attend BRCC as an audit student. Audit status students are assessed on the same fee schedule as students enrolled for credit courses.

AMERICANS WITH DISABILITIES ACT (ADA)

BRCC is in compliance with the regulations of the Americans with Disabilities Act. The Office of Special Programs is BRCC's liaison for ADA. Anyone with special needs should contact that office for specific information on disabilities, services, and facilities.

INTERNATIONAL STUDENTS

A prospective student who desires to attend BRCC, but is not a U.S. citizen, must meet all admissions requirements. If the student's native language is not English, he or she will be required to have a minimum score of 500 on the Test of English as a Foreign Language (TOEFL) with a minimum score of 5 on the Test of Written English (TWE) or demonstrate English proficiency on the BRCC Placement Test. In addition, a non-citizen who is seeking admission on a student visa must submit all documentation required by federal and state regulations, including the items listed below before Form I-20 can be issued:

1. Complete the application for international students
2. Pay the required nonrefundable international student fee (\$45.00).
3. A notarized Statement of Financial Support and/or Statement of Understanding to show evidence of sufficient funds to cover all costs while studying in the U.S. The verification must be in English and signed by the prospective student and person(s) who submits the verification.
4. Official secondary and/or postsecondary school records listing courses taken and examination results (photocopies are not acceptable).

All credentials must be translated into English by an official translating agency and certified as correct.

ABILITY TO BENEFIT

Prospective students who lack a high school diploma, GED or equivalent must show their ability to benefit from a postsecondary program of study. The BRCC Placement Test or Department of Education approved placement test will be used to satisfy requirements for the Ability to Benefit.

SCHEDULE OF FEES

TUITION

Baton Rouge Community College's tuition and fees are among the most affordable in the state. All tuition and fees must be paid in full on or before the payment deadline listed in the Academic Calendar.

A student is considered officially registered once tuition and fees are paid and all required admission documents have been submitted to the Office of Enrollment Services.

REFUND POLICY

Refund of tuition and fees for the fall and spring semesters is based upon the student reduction in credit hours or official withdrawal of the student from college:

- 100%** - Students withdrawing prior to the first day of classes are entitled to a full refund of tuition and fees.
- 75%** - Students withdrawing during the first 7 days of classes shall receive a refund of 75% of total tuition and fees paid.
- 50%** - Students withdrawing from day 8 through day 14 of classes shall receive a refund of 50% of total tuition and fees.
- 0%** - Students withdrawing from day 15 through the end of the semester are ineligible to receive a refund.

Refund deadlines vary for the summer session and for special, short-term credit courses according to the length of the courses. Two to four weeks after the refund period must be allowed for refunds. No cash refunds are made.

FINANCIAL AID AND SCHOLARSHIPS

BRCC provides equal educational opportunities for all students in all programs.

The Financial Aid and Scholarship Office at BRCC administers and coordinates funds from a number of different sources. These funds are provided to ensure post-secondary educational opportunities to eligible students.

The philosophy of the Financial Aid and Scholarship Office is to assist all eligible applicants by "packaging" or combining funds from various sources, including institutional and non-institutional funds. BRCC encourages students to apply for other federal and state programs in order to maximize their opportunities for assistance.

Need (for financial aid purposes) is the difference between the cost of attending BRCC and the resources an applicant has available. Resources include, but are not limited to, the following:

- expected parental contribution
 - student contribution (through savings and employment)
 - social security
 - veteran's and other benefits
1. All applicants must complete the Free Application for Student Aid. After completion, this application is submitted to the federal processor. The federal processor will mail a Student Aid Report to the student as a record of the responses he or she submitted on the FAFSA Form. When the student receives the response from the federal processor, he or she is required to submit this document and a current Baton Rouge Community College Financial Aid Student Data Form to the Office of Financial Aid and Scholarships. These forms are available in BRCC's Financial Aid and Scholarship Office. If additional information is requested the student must submit this for his or her application to be processed. The office uses the information received from the student in determining need and eligibility for the programs available.
 2. After completing 24 hours of course work at Baton Rouge Community College, the financial aid recipient must achieve and maintain at least a 2.0 cumulative grade point average to maintain financial aid eligibility.
 3. **Appeal Procedures:** The Director of Financial Aid and Scholarships, along with the Financial Aid Appeals Committee will review the student's academic history. The committee will determine whether or not satisfactory academic progress is met.
 4. **Scholarships:** Students are selected based on academic excellence, character, leadership, general accomplishments, and financial need. Some scholarships require community service. Scholarships are only awarded to full-time students. The award is made for "one year" which covers

two consecutive semesters, beginning with the fall session. Students that wish to be considered for scholarships must complete the request prior to established deadlines for that academic year.

The priority filing date for BRCC financial aid applicants is June 1 for the fall semester. Applications received after that date may be considered late and will be processed according to availability of funds. Students must apply early in order to receive consideration for all funds. It is helpful if parents complete IRS 1040 or 1040A income tax forms in early February since the applications and financial statements require income tax data.

Remember to retain copies of all forms sent to all agencies and BRCC for future reference.

Financial Aid (Student Responsibilities)

Prior to receiving any source of financial aid, the student is required to:

- 1 Successfully complete academic assessment testing if non-high school graduate.
- 2 Enroll for those classes that apply to a specific program of study leading to a degree or certificate.
- 3 Have an academic advisor approve a specific major course of study (degree objective).
- 4 Maintain satisfactory progress each semester.
- 5 Notify the Financial Aid Office of any additional financial assistance received that does not appear on the award letter.
- 6 Notify the Financial Aid Office and the Business Office of withdrawals from school.
- 7 Repay any debits stated on any promissory notes signed by the student.
- 8 Meet other requests and requirements established by the Financial Aid and Scholarship Office not mentioned here.

ELIGIBILITY FOR FINANCIAL AID

New, transfer and re-entry students who meet the following criteria are eligible to apply for the various financial aid programs BRCC offers. The student must:

- Be enrolled as a regular student in a degree-granting or certificate program.
- Be a U.S. citizen or eligible non-citizen (permanent resident).
- Be enrolled full-time. (students should see a Financial Aid Officer if changing enrollment status during the award year).
- Not be in default on a prior student loan or owe a refund on a federal grant.

- Make satisfactory academic progress toward completion of educational objective.

SATISFACTORY ACADEMIC PROGRESS

(For Purposes of Financial Aid Eligibility)

In order to receive financial aid, a student must make satisfactory academic progress. BATON ROUGE COMMUNITY COLLEGE has established the following policy to determine satisfactory academic progress for students:

These requirements include grade point average, minimum semester hours earned per specified time increments, and completion of the education objectives within a specified maximum time frame.

New Students: Students enrolling for the first time in college and who have met all eligibility requirements.

Continuing Students: The past academic record of a student will be evaluated to determine whether or not satisfactory academic progress requirements are met. It does not matter if a student has previously received financial aid.

Transfer Students: Transfer students will be expected to meet the same criteria as continuing students.

Grades: Students having a satisfactory grade point average meet the requirements for continued enrollment under the scholastic regulations of the College. However, after completing 24 hours of course work the financial aid recipient must achieve and maintain at least a 2.0 cumulative grade point average to meet eligibility.

Earned Credit Hours: In addition to grade point average requirements, the student must earn a specified number of hours per academic year increment. A student shall be expected to:

- earn an average of at least nine (9) hours of credit for each regular semester when the enrollment status is full-time (12 or more hours), or
- earn a proportionate number of credit hours when enrollment status is part-time. (usually 75% of hours carried — rounded down when there is a fraction included)

At the end of the second semester (spring) of the regular academic year, the records of each recipient shall be reviewed to determine if satisfactory academic progress is met. It should be noted that enrollment status for a given term will be based upon the number of hours for which the student enrolls and receives aid at the beginning of the semester.

- Repeat courses, remedial courses (development courses), and other "pass/no credit" courses will be used to determine enrollment status and hours attempted.
- "I" — Incomplete courses will count as credit earned only after the course is completed and a passing grade is earned.
- Courses that are withdrawn (dropped) and are then audited after the enrollment status has been established will be counted in the credit hours as attempted.
- Credit hours earned by advanced standing or credit exams will not be used to determine enrollment status.
- Correspondence courses or credits earned by cross-enrollment at another institution will not be used unless pre-approved by BRCC's Office of Enrollment Services.

Maximum Time Frame: The maximum time allowed for a student to complete his/her educational objective at BRCC will be as follows:

Semesters

Associate Degree - 8 semesters

Transfer Students - 8 semesters

Number of Full-Time or Equivalency
Summer Term counts as a half (½) semester. This includes total numbers of terms attended whether or not the student received aid all of these terms.

Appeal Procedures: The Director of Student Aid and Scholarships, along with the Financial Aid Appeals Committee, will review the student's academic history. The committee will determine whether or not satisfactory academic progress is met.

Re-Establishing Eligibility to Receive Financial Aid: If a student does not meet satisfactory academic progress the student must earn:

- the number of credit hours and/or
- the grade point average needed to meet the minimum requirements to re-establish eligibility.

Credit hours earned must be at BRCC or at a college/university from which BRCC accepts credits.

SCHOLARSHIPS/AWARDS PROGRAMS

The following scholarships and awards are given by local or area donors and administered by the Scholarship Committee at Baton Rouge Community College. Students are selected on academic excellence, character, leadership, general accomplishments, and financial need.

First Generation Scholarships

The Baton Rouge Community College First Generation Scholarship Program was established to encourage those students, who would not otherwise attend an institution of higher education, to further their education. Scholarships range from \$528 per semester to \$1056 for the academic year to be used toward tuition expenses.

Criteria for Determining First Generation Scholarship Eligibility:

- Neither parent has attended an institution of higher education.
- Financial need that meets federal guidelines.
- Full-time enrollment, minimum twelve (12) hours.
- Successful completion of the following classes, at a state-approved high school by the end of senior year:
 - two (2) units of science (biology, general science, or an equivalent subject);
 - three (3) units of mathematics;
 - senior English; or
 - the General Equivalency Diploma (GED)

First Generation Scholarships Available:

- **Methods Technology Solutions, Inc. First Generation Scholarship**
- **Ben H. Peabody, Sr. First Generation Scholarship**
- **Milton J. Womack Foundation First Generation Scholarship**
- **Robert Coleman & Partners First Generation Scholarship**
- **CompUSA First Generation Scholarship**

Process Technology Scholarships

The curriculum leading to the Associate of Applied Science in Process Technology has been developed in collaboration with the petro-chemical industry. This program is a rigorous study of the common operating processes found in petro-chemical plants and will prepare the student to enter the employment market as a process operator. The job market for this specialty career field is considered to be exceptionally strong in the greater Baton Rouge area.

General Competition Entry Requirements:

The student must be a Louisiana high school graduate and be pursuing an Associate of Applied Science in Process Technology. Some Process Technology Scholarships may require pre-employment testing by the administering company or process technology-related testing for eligibility.

PTEC Scholarships Available:

- ExxonMobil
- Formosa Plastics

The DOW Chemical Company also sponsors a BRCC Process Technology Scholarship. Eligible applicants must be pursuing a degree in Process Control Technology at BRCC and have graduated from an Iberville or West Baton Rouge Parish high school.

Students interested in this scholarship should apply to the following address:

The DOW Chemical Company
Building 2306
P.O. Box 150
Plaquemine, LA 70765-0150

Contact Person: Ms. Babs Babin
Community Relations Manager
Phone: (225) 353-8232

STATE SCHOLARSHIPS

The Louisiana Honors Award, the Louisiana Performance Award, and the Louisiana Opportunity Award are available at state-supported public colleges/universities. Additional information on these scholarships may be obtained from high school counselors, BRCC Financial Aid and Scholarship Office, and the Louisiana Office of Student Financial Assistance, 1-800-259-5626.

Veteran's Orphan Scholarships are awarded through the Department of Veteran's Affairs of the State of Louisiana. **Vocational Rehabilitation Grants** for disabled students are awarded through the Department of Vocational Rehabilitation, 2097 Beaumont Drive, Baton Rouge, LA 70806.

FEE EXEMPTION

BRCC offers the fee exemptions listed below. To receive an exemption students must provide appropriate documentation to qualify for exemptions governed by criteria specified in state law and by the standards of the LCTCS Board of Supervisors.

Students automatically forfeit their award:

- when they fail to maintain the required scholastic average
- when they fail to claim their award any semester
- when they resign during a semester, or
- when they are dropped from the rolls of the College.

Children of fire fighters, policemen, deputy sheriffs, correctional officers, or sanitation workers killed or permanently disabled in the performance of their duties are admitted tuition free so long as they meet academic requirements as full-time students and maintain a "C" average each semester.

Veterans Dependent Scholarships are awarded by the Louisiana Department of Veterans Affairs to children of Louisiana resident veterans who were killed or disabled as a result of military service. The value of the award, as defined by law allows students to enroll tuition free. Fee exemption certificates should be presented to the BRCC Office of Veterans Affairs. Correspondence regarding this certificate should be addressed to:

Department of Veterans Affairs
Veterans Dependent Scholarship
P O Box 94095, Capital Station
Baton Rouge LA 70804-9095.

Louisiana National Guard fee exemptions are available to Louisiana residents who are active members in good standing in the Louisiana National Guard. The students are exempt from paying tuition. Applicants should apply through their unit commander at least six weeks prior to registration. The fee exemption certificate must be received by the BRCC Office of Veterans Affairs before the exemption may be given. Recipients cannot be on scholastic probation, and other regulations also apply.

Senior Citizen exemptions of tuition and other registration fees are offered by Baton Rouge Community College to any person who is at least 55 years of age and who is a Louisiana resident. This exemption is allowed under Louisiana Revised Statute 17:1807 provided that there are sufficient funds appropriated to the College. However, all persons are required to pay a \$7.00 application fee at the time application is made for admission to the College. Additionally, all persons are required to pay any applicable lab fees and/or computer fees at the time of registration.

ACADEMIC POLICIES

CHANGE OF CATALOG

A student who interrupts his/her program of study will be required to follow the catalog in effect when he/she returns to the College. A student who has completed a substantial portion of his/her degree program may request permission to be graduated under his/her original catalog. Requests for catalog changes will be approved by the appropriate Academic Dean.

It is the responsibility of the student to notify the Office of Enrollment Services of a program change or of a decision to use a catalog published after his/her admission to the College.

SECOND ASSOCIATE DEGREE

A student may obtain more than one associate degree from BRCC. If the student has already completed the requirements for one degree at an accredited institution, he/she may earn a second degree by completing the required courses in the program of study for that degree; however, a minimum of 15 additional hours must be completed to earn a second degree.

CONCURRENT DEGREES

A student may work concurrently toward receiving two degrees, and the degrees may be awarded at the same time. In this case, the student must complete the course requirements of both degrees and at least the minimum credits for the larger number of credits required for the two degrees. At least two semesters before completion of requirements for the first of the two degrees, a student working under this option must notify in writing the Office of Enrollment Services of his/her academic goal.

CONTACT WITH ACADEMIC ADVISOR

A student should meet on a regular basis with his/her academic advisor to assure that progress is being made toward the completion of a certificate or degree. An official degree evaluation should be requested from the Office of Enrollment Services upon the completion of 30 semester hours for an associate degree. All candidates for graduation must report to the Office of Enrollment Services during the period specified in the College catalog to verify that they have satisfied the requirements for graduation.

ACADEMIC PROGRAMS AND POLICIES

The College academic programs provide students with an education that enables them to succeed personally and professionally in a changing and complex global society and prepares them for satisfying and rewarding careers. It encourages seeking truth and expressing ideas and opinions without restraint from political creeds, religious doctrines, economic pressures, or personal biases.

THE ACADEMIC COLLEGE YEAR

The academic year consists of two 15-week semesters, beginning in late August and ending in mid-May. To complete an Associate degree in two years, a student must complete an average of 16 credit hours per semester. A limited number of regular offerings are repeated in the summer sessions.

ACADEMIC LOAD

Twelve credit hours per semester constitutes a minimum full-time academic load. Maximum load is not to exceed 18 credit hours during the first semester of the freshman year, and thereafter, not to exceed 18 hours without the written approval of the appropriate Academic Dean. Students receiving financial aid or veterans benefits should contact the Office of Financial Aid for information about requirements for full-time status as defined by the various agencies.

FULL-TIME/PART-TIME CLASSIFICATION

A student's classification as either full-time or part-time is determined by the number of credit hours attempted.

Any student receiving financial aid should verify, with the Office of Financial Aid and Scholarship, the definition of "full-time" as applicable to BRCC's financial aid guidelines.

Enrollment Status	Semester	Credit Hours
Less than half time	Fall/Spring	0-5
Half time	Fall/Spring	6-8
Three quarter time	Fall/Spring	9-11
Full time	Fall/Spring	12 or more
Less than half time	Summer	0-2
Half time	Summer	3-4
Three quarter time	Summer	5
Full time	Summer	6-10

ACADEMIC STATUS

The cumulative grade point average (GPA) determines students' academic status and indicates their eligibility to remain in college. Students are regarded as being in **good academic standing** if they have not been placed on academic probation because of academic deficiency in a previous semester or session. The GPA is calculated by dividing the total number of quality points earned by the total number of semester hours attempted. A cumulative GPA of 2.0 is required of all graduates.

ACADEMIC ADVISING

A comprehensive program for academic advising has been established with Academic Affairs and Enrollment Services to assist all students from the onset of their College experience. Upon admission students are assigned advisors who will assist them in selecting courses, choosing majors, and general orientation to college life. Advisors also help students with curriculum changes, resolution of scholastic difficulties, transfer, and career directions.

Students are strongly encouraged to work closely with faculty advisors so that appropriate courses are taken to meet the academic requirements of the desired discipline. Nevertheless, ultimate responsibility for course selection does rest with the individual student.

ACADEMIC REVIEW

The Academic Review Committee is authorized to hold hearings and appeals on grade disputes, academic standing, eligibility, or drops for excessive absences. Grades must be challenged within 45 days of the end of

the semester in which the grade was received (25 days for grades received in a summer session). Only final grades may be appealed.

ACADEMIC INTEGRITY AND DISHONESTY

Cheating in any form, including plagiarism, will be considered a matter of the gravest concern and may result in disciplinary action. Resulting disciplinary action may include, but is not limited to, reduction of a grade in the course involved or suspension or expulsion from BRCC. Students may appeal disciplinary action taken against them by following the grievance policy.

Plagiarism is defined as using and passing off as one's own the ideas, data, or writings of another or presenting as one's own an idea or product that is derived from an existing source.

Cheating is defined as obtaining information through fraud or deceit: either by the use of unauthorized notes, books, or other sources prior to or during examinations, or by using information under false pretenses. It includes premeditated cheating, which is defined as conscious, pre-planned, deliberate cheating with materials prepared in advance.

ACADEMIC HONORS*

The **Dean's List** includes students who complete a minimum of twelve (12) or more credit hours and earn a minimum grade-point average of 3.50 or higher, with no grade below "C" for that semester.

Honors with Distinction includes students who complete a minimum of twelve (12) credit hours and earn a minimum grade-point average of 3.00-3.49, with no grade below "C" for the semester.

GRADUATION WITH HONORS*

Honors designations are determined by the cumulative grade point average at graduation of all work attempted. Three honors grades are recognized:

Chancellor's Honors Scholars:	3.85 - 4.00 GPA
Dean's Honors List:	3.50 - 3.84 GPA
Honors with Distinction:	3.00 - 3.49 GPA

*NOTE: Developmental courses and English as a Second Language are not included in the minimum required hours in determining eligibility for academic honors and graduation with honors.

STANDARDS OF SATISFACTORY ACADEMIC PROGRESS

Baton Rouge Community College, in an effort to maintain a level of quality in student learning outcomes, requires that the academic record of the student be evaluated session-by-session in order to determine whether or not a student is making satisfactory academic progress in the chosen degree program. The following apply:

- A student must maintain at least a 2.0 cumulative grade point average in order to be making satisfactory academic progress;
- A student who receives Academic Suspension will be considered as not having made satisfactory academic progress; and
- A student who passes no credit hours is considered as not having made satisfactory progress.

A further discussion of satisfactory academic progress and its relationship to financial aid eligibility is located in the section covering financial aid in the catalog.

ACADEMIC PROBATION/ SUSPENSION

Students of Baton Rouge Community College are governed by the following regulations regarding scholarship standards:

Scholastic Probation, Suspension, and Readmission Regulations

- A student who earns a GPA below 2.0 on all hours attempted will be placed on academic probation.
- Students will remain on probation until a minimum GPA of 2.00 on all hours attempted is earned. Failure to earn a minimum GPA of 2.00 on all hours attempted during the semester will result in suspension for at least one semester.
- After the lapse of one semester, students may reenter on probation; but they must make a minimum GPA of 2.00 on all hours attempted during the semester, or they will be suspended again.
- Students dismissed at the end of the spring semester may attend the summer session. Students who earn a 2.00 on all hours attempted will be taken off probation. Students who earn a 2.00 on all hours attempted in the summer, but fail to earn a minimum GPA of 2.00 on all hours attempted will be eligible to return in the fall on probation.

- The College does not accept transfer credits for courses taken by students while on suspension.
- Students suspended for scholastic deficiencies may re-enroll after the expiration of the suspension period until the second suspension; however, students receiving second suspensions will be suspended for one academic year.
- Appeals must be made to the Committee on Academic Appeals.

ACADEMIC APPEALS GUIDELINES

Only first time suspensions may be appealed when the student can provide written verification of having been seriously ill during the semester prior to the suspension (a physician's affidavit is required) or that the death of a member of the immediate family (parent or guardian, sibling, or family member residing in the student's home) occurred. In the case of the death of a family member, a certificate of death and an affidavit attesting to the relation of the deceased to the student and the residence of the deceased must be provided.

A student who has been suspended two or more times or suspended following probation because of poor grades and who fails to earn at least a 2.0 semester grade-point average (on a 4.0 scale) during the first semester following the second suspension shall not be eligible for appeal.

A fourth academic suspension shall result in expulsion from the College.

WITHDRAWAL FROM THE COLLEGE

Students who discontinue enrollment prior to the end of a semester or summer term, must complete a withdrawal form obtained from the Office of the Enrollment Services. All College accounts must be cleared. Grading will be done on the following basis:

- Consult the Academic Calendar for withdrawal dates.
- When enrolled for a semester, students may not withdraw during the last two calendar weeks prior to the first day of final examinations. In a summer term, students may not withdraw during the last calendar week prior to the first day of final examinations.
- Students who fail to officially withdraw and clear College accounts will receive a grade of "F" in all courses. Further, they will forfeit their right to a statement of honorable dismissal, thereby jeopardizing their admission into the College or their transfer to another accredited institution.

SCHEDULE CHANGES (Add/Drop)

Students should consult with the assigned advisors before initiating any changes in their schedules.

PRE-REQUISITES/CO-REQUISITES

There are no special pre-requisites to enter a degree program. There are, however, pre-requisites to specific courses within programs.

Lectures and labs are designed as companion courses. It is recommended that students take a lecture and lab concurrently since the lecture provides foundational theory for the lab. The lab component is written as a co-requisite or a pre-requisite in the course description.

STUDENT EVALUATIONS

The measurement and evaluation of learning are consistent with the objectives of the course. Faculty members in each course should inform the students, in writing, of their evaluations and grading policies. This information should be given to the students and discussed no later than the second week of classes.

Any student who fails to receive the written policy by the second week of classes should request the statement.

EXAMINATIONS

Final examinations are required in all subjects, except by permission of the appropriate academic dean. Use of only the final examination to determine a grade is not permitted. It is the student's responsibility to make arrangements to take any missed examinations or to make up any incomplete course work. It is the instructor's responsibility to make known his/her makeup policy early in the semester.

Final examinations are scheduled in the academic calendar and may not be changed without written authorization from the appropriate academic dean.

GRADING SYSTEM

The college uses the following system of grading:

Standard	Developmental Courses
"A" Exceptional	"A*" Exceptional
"B" Above average	"B*" Above average
"C" Average	"C*" Average
"D" Below average	"D*" Below average
"F" Failure	"F*" Failure
"I" Incomplete	"I" Incomplete
"W" Withdrawal	"W" Withdrawal

QUALITY POINT SYSTEM

Quality point allotments are four points per semester credit hour for an "A," three points for a "B," two points for a "C," one point for a "D," and 0 points for an "F."

INCOMPLETE GRADES

Work which is of passing quality, but because of extenuating circumstances beyond the control of the student is not complete, may be graded "I"- incomplete. Students must initiate an incomplete grade request by securing appropriate approval of excuses by the instructor, department head, and appropriate academic dean. If an excuse is not received prior to issuing of a final grade, the instructor is to consider the delinquent work to be of failing quality and an "I" grade is not to be given.

In the event that an "I" is given, the student does not register for the course again, but must complete all work within the first six (6) weeks of the following semester, beginning with the first day of registration that semester, if the student is enrolled. If the student is not enrolled the following semester, work must be completed within the first six weeks of the semester that he/she returns, not to exceed a one-year period. Failure to follow the recommended procedure will result in an automatic "F."

GRADE APPEAL

Grade Appeal Policies and Procedures may be obtained from the Office of Enrollment Services. Appeals of final grades must be initiated by the student within 45 days of the regular semester following the semester in which the grade was received (25 days following the end of the summer semester). The general procedure for appealing a grade is discussed in detail in the Student Handbook.

CLASS ATTENDANCE POLICY

Perfect, punctual class attendance should be the goal of every student. Falling short of this goal should be a result of unusual or unpredictable circumstance and not indifference or irresponsibility. Predictable absences should be discussed with instructors *beforehand*, others as soon as possible after they occur. Instructors will request verification of reasons for absences or tardiness.

BRCC absolutely discourages willful, controllable absenteeism and tardiness. Flagrant, habitual, irresponsible offenders may be subject to failing the course.

Note: Students are not permitted, under any circumstances, to attend a class in which they are not officially enrolled.

AUDITING A COURSE

To audit courses, applicants must be eligible to enter the College as regular students, as visiting students, or as special students. Students may not audit a laboratory-type or activity course. Students will be assessed tuition and fees for courses audited. Credit will not be granted for courses audited. An audit may not be changed to credit after completing the course. The semester course load is inclusive of audited courses. The decision to audit a course should be made at the time of registration.

CHANGE IN MAJOR

A student may transfer from one degree or certificate program to another. A non-degree seeking student may declare a major after meeting the admission requirements for a program of study. The student must complete the forms for declaring a new major and file them with the Office of Enrollment Services. The degree requirements of the new major will be those listed in the catalog at the time of the change in major.

REPEAT/DELETE POLICY

A student may repeat a course in which he or she has previously enrolled at BRCC. An "E" is placed beside the first grade, and the first grade is not computed in the grade point average. The last grade received becomes the official grade for the course and is the grade computed in the grade point average. In an associate degree program, a maximum of twelve (12) credit hours of course work numbered above 099 may be deleted from the BRCC cumulative grade point average under this Repeat/Delete Policy. Only six (6) hours may be deleted in a certificate program. Developmental education courses are not included in the computation of the grade point average; therefore, there is no limitation on the number of courses that may be repeated and the number of hours that may be deleted for courses numbered 099 and below.

Other colleges and universities may not honor BRCC's Repeat/Delete Policy and may compute all grades in the cumulative grade point average.

COMPUTATION OF GRADE POINT AVERAGE

A grade point average is computed on all work for which a student registers, with the following exceptions: courses with grades of "P," "W," and "AU." The temporary grade of "I" (Incomplete) carries no grade value but will convert to an "F" if the work is not completed in the specified time. The grade awarded when the "I" is removed will be used in calculating the grade point average. Overall and semester grade point averages are calculated as follows:

1. Multiply the course credit hours by the quality point value to get total quality points for each course;
2. Add the total quality points for all courses;
3. Add the total credit hours for all courses with quality points;
4. Divide the total quality points by the total credit hours for all courses with quality points.

A student enrolled in developmental education courses will be eligible to earn letter grades; however, those grades will not be used in the computation of semester grade point averages or towards meeting the requirements for earning a degree.

REGISTRATION, SCHEDULES AND RECORDS

Registration Periods

Registration periods are provided for each semester and summer term. The beginning dates for registration are determined by the Office of Enrollment Services, and published in the Academic Calendar. No registration is considered complete until tuition and fees have been paid in full or until a payment plan has been approved by the Office of Accounting and Finance.

Schedule Changes and Withdrawal From Classes or the College

Tuition or fee refunds due because of changes in class schedules and/or withdrawal from a class(es) or the College are based upon the official date of withdrawal. The effective date of withdrawal from a course or from the College is the date the completed withdrawal form is submitted to the Office of Enrollment Services. Withdrawal forms are available in the Office of Enrollment Services. Students should refer to the Academic Calendar for the final date for resigning from the College or withdrawing from a class(es).

WITHDRAWING OR DROPPING FROM CLASSES

It is the student's responsibility to drop a class(es) if he or she is unable to complete the course(s). If the student fails to formally drop/withdraw from a course, he or she may receive an "F" in the course and also bear the tuition and other costs of the course. Students must adhere to the dates for dropping and withdrawal published in the College catalogue.

COURSE CANCELLATIONS

BRCC reserves the right to cancel any course listed in the course schedule book. In the event that a student is in the last semester of studies prior to graduation and a required course is canceled, the student should consult his/her advisor and the appropriate academic dean.

ASSIGNMENT OF CLASS INSTRUCTOR

BRCC reserves the right to change instructors listed in the course schedule book due to course cancellation, class splits, or other conditions which might necessitate the reassignment of instructors. Students should be cautioned that the listing of an instructor's name in the course schedule book is no guarantee that the specific instructor will teach the course.

GRADE REPORTS

Faculty members must report midterm and final grades to the Office of Enrollment Services using the College's grading system. Final grade reports are issued by the Office of Enrollment Services.

TRANSCRIPTS

Each student at BRCC is entitled to one official transcript of his or her record without charge. A fee, which must accompany the written request, is charged for each additional transcript. All financial obligations to the College must be satisfied before a transcript is issued. Requests for transcripts should be addressed to the Office of Enrollment Services and include the following information:

1. the date(s) of attendance at BRCC;
2. the student's full name (and any other name used to identify the student);
3. the student's social security number; and
4. the student's signature and date.

If the transcript is to be sent directly to another institution, the full name and address of the institution should be included in the request.

NON-TRADITIONAL CREDIT

A maximum of thirty (30) semester hours will be accepted through all types of non-traditional credits such as CLEP, Military Service Credits, and Advanced Placement. Students may not receive credit through examination in courses in which the student has earned a final grade at an accredited college or university.

EDUCATIONAL ASSISTANCE/FEE WAIVERS

BRCC's Educational Assistance/Fee Waiver Program is designed to help eligible employees develop their skills and improve their performance. Under the program, educational assistance is provided by allowing employees to take classes at BRCC.

BRCC employees interested in college classes are eligible for the tuition waiver if the employee is full-time and has completed one year of continuous full-time service by the last day of late registration for the semester in which the employee is taking classes. Employees taking college courses must secure permission from their supervisors to take classes during working hours. The employee must pay all applicable fees (application, lab, etc.). Only three credit hours per week may be taken on college time with supervisor approval. Credit hours taken above three hours must be taken on the employees own time.

NAVAL ROTC INSTRUCTION

BRCC, in cooperation with Southern University, will offer a cross enrollment program for Naval ROTC instruction. BRCC students may cross enroll in the Southern NROTC program as first year and second year students which allows a seamless transition into the program upon transfer to Southern University. For more information on the NROTC program, contact the Office of Enrollment Services.

ACADEMIC SUPPORT SERVICES

ACADEMIC SKILLS ENHANCEMENT PROGRAM

Everyone wants an equal chance to learn and grow in college, but often that goal is hindered by deficiencies in reading, writing and math skills. To be able to rise to the college level and focus on an advanced curriculum, there are occasions when strengthening the basics is absolutely necessary to achieve and learn to the fullest. The Academic Skills Enhancement Program (ASEP) assists in fulfilling the mission of BRCC by providing academic support for students who need additional opportunities to develop basic skills while making the transition to college life.

The primary focus of ASEP is to prepare students to succeed in higher education. ASEP provides developmental education in reading, writing, and mathematics skills, as well as in the area of special needs like English for non-native speakers. ASEP also offers seminars that assist students in identifying their goals, while providing them with the skills that lead to higher rates of subject matter comprehension and retention, with graduation as the ultimate goal.

ASEP provides a comprehensive educational program that involves assessment, orientation, instruction, and performance monitoring. Baton Rouge Community College (BRCC) is committed to providing developmental education students with institutional-wide support, accompanied by high faculty involvement and interest. The faculty provide effective, individualized instruction that includes continuous assessment and feedback. Students enjoy technologically advanced learning environments. Most importantly, the institution is "student-friendly" and faculty and staff are committed to student success.

The number of hours and quality points earned in developmental education courses cannot be used toward meeting requirements for a degree. Relatedly, the hours and quality points earned in developmental education courses will not be included in the computation of semester grade point averages. A student enrolled in developmental education courses will be eligible to earn letter grades. Students earning grades of "D" and "F" are required to repeat the courses.

ACADEMIC LEARNING AND TESTING CENTER

The Academic Learning and Testing Center (ALTC), located in Room 127 on the main campus and Room 129 at the Annex, provides free academic and personal development services to all students through multimedia instruction, tutoring, and writing assistance. The Center places special emphasis on the support of developmental instruction in reading, math, composition, and English as a second language.

LIBRARY

The BRCC Library provides services as a vital part of the educational program of the institution and is staffed by professional librarians, library specialists, and student workers. The library offers patrons a diverse collection of books, videos, audiocassettes, and CD-ROMs. A variety of on-line databases such as Infotrac, Galenet, EBSCO Vocational Search, Lexis-Nexis Academic Universe, Webspirls, and ProQuest are available for research. In addition, there are computers and study areas for students with sight impairments. The Library is also wheelchair accessible. It provides seating space, study carrels, and a study room for small groups.

BRCC Library is a member of the Louisiana Library Network and the LOUIS System, which provides access to the local on-line catalog plus the catalogs of surrounding institutions. Inter-Library Loan privileges for faculty and staff are provided through LALINC.

The Library offers media equipment including slide projectors, overhead projectors, a 35 mm camera, a camcorder, a digital camera, video duplicating machine, tape recorder, CD player, and television/VCR equipment for faculty and staff use outside the Library and student use within the Library. Scanning capabilities, color copies, laminating, and faxing are available upon request for a minimal fee. An open use black and white copier is available to all patrons for a nominal charge. Bibliographic instruction tailored to individual or class needs is available and library tours are welcome. Additional library services are available at the Business and Technology Annex Library in the Frazier Building. The BTC Library is also staffed with professional librarians,

clerks, and student workers. Computers with on-line databases and Internet access are available in addition to a varied collection of books, periodicals, videos, and similar media supporting the programs offered at the site. Study carrels are also available.

BRCC students, faculty, staff and the public are welcome to use the library during scheduled hours of operation and are encouraged to make use of all services provided. **ALL** borrowed materials must be returned and fines paid by the end of each semester or final grades and transcripts are withheld. Failure to comply with all Library policies will result in a loss of Library privileges and services.

STUDENT SERVICES

Student development philosophy is grounded in human growth and development theory. In accord with this theory Baton Rouge Community College's professionals believe in:

- The dignity and growth of each person;
- The uniqueness of each person; and
- The opportunity for each person to realize his or her fullest potential.

The student development professional is an essential and integral member of the community of educators and, therefore, shares responsibility for creating and maintaining learning environments, providing valuable programs and services, and integrating these educational experiences to meet the life-skill needs of students and staff.

BOOKSTORE

BRCC provides bookstore services for the convenience of students, faculty, and staff. A list of required textbooks, study aids and supplies for all subjects is available. Bookstore hours are posted each semester.

BULLETINS AND POSTERS

Official notices and bulletins are posted on bulletin boards throughout the college. Information about class schedules, events on the school calendar and student activities will be posted. Any written material to be posted or distributed must be approved by the Office of Student Services. Also, specific guidelines for posting notices are available from the Dean of Student Services.

CAMPUS SECURITY

BRCC provides a safe and secure learning environment for students, faculty, staff and visitors to the College. Security officers are obligated to enforce all federal, state, and local laws, in addition to college campus policies. More detailed information on campus safety and security is available from the Office of Facility Services.

COUNSELING SERVICES

Counseling services are available as a part of BRCC's overall educational program. Counselors are available to help students with educational, vocational, and personal concerns.

CONTAGIOUS/ COMMUNICABLE DISEASES

BRCC meets all requirements of the Communicable Disease Prevention and Control Act and the Open Records Act. The College is committed to providing a working and educational environment free of health hazards to its employees and students. Individuals with a contagious/communicable disease will normally be allowed to attend class with written approval of their doctors. The identity of such individuals is confined to those persons within the college with a direct need to know and will not be revealed without an individual's consent. Questions concerning the policy and enrollment procedures of an individual with a contagious/communicable disease should be referred to the Office of Student Services.

COMPUTER RESOURCES/ABUSE POLICY

BRCC is committed to providing computer services/labs for all students, faculty, and staff. Computing resources are valuable, and computer abuse affects all who use the facilities. The same moral and ethical conduct expected of students in other areas of the educational environment apply in the computer laboratories. Abuse of computer resources includes, but is not limited to the following:

- a) reading protected files, which is considered the same as breaking and entering;
- b) unauthorized use of, or representing as one's own, computer files or programs belonging to another person;
- c) removing any computer equipment, software, data, or other resources, without proper authorization;
- d) vandalism: attempted or detected alteration of hardware, software, data, files, equipment, or other resources, and damaging hardware or software;
- e) copyright violations: copying, transmitting, or disclosing data, software, and documentation without proper authorization.

Individuals guilty of abuse will be disciplined by the College.

E-MAIL COMPUTER ABUSE POLICY

BRCC makes computing resources (including, but not limited to, computer facilities and services, computers, networks, electronic mail, electronic information and data, and video and voice services) available to faculty, students, staff, and registered guests to support the educational, research and service missions of the College.

Implied consent

Each person with access to the College's computing resources is responsible for their appropriate use and by their use agrees to comply with all applicable school, and departmental policies and regulations, and with applicable city, state, and federal laws and regulations. See Student Handbook for details.

EMERGENCY PROCEDURES

In the event an emergency due to illness or accident occurs on campus, students should contact campus security as soon as possible at 216-8701 or 8512.

FAMILY EDUCATION RIGHTS & PRIVACY ACT

In accordance with the Family Education Rights and Privacy Act (sec. 513 of P.L. 93-380, Education Amendments of 1974, which amends the General Education Provisions Act sec. 438), post secondary students attending Baton Rouge Community College have access to their official records as follows:

1. The right to inspect and review the student's education records;
2. The right to request the amendment of the student's education records to ensure that they are not misleading, inaccurate, or otherwise in violation of the student's privacy or other rights;
3. The right to contest to disclosures of personally identifiable information contained in the student's education records, except to the extent that the Act and the regulations authorize disclosure without consent;
4. The right to file with U.S. Department of Education a complaint concerning alleged failures by the institution to comply with the requirements of the Act and the regulations; and
5. The right to obtain a copy of the institution's student record policy (SA-1442.2).

Under this Act, Baton Rouge Community College assumes that all students are independent. Parents of dependent students must prove such dependence through the presentation of the latest 1040 form filed with the IRS before they will be granted access to any student record of their dependents. The Act provides that certain information, designated as directory information, concerning the student may be released by the college unless the student has informed the college that such information should not be released.

Directory information includes the student's name, address, telephone number, date, and place of birth, date of enrollment, division in which enrolled, classification, major, degree(s) earned, awards, participation in officially recognized activities and sports, weight and height (members of athletic teams), and the most recent previous educational agency or institution attended. A student who desires that any or all of the above information not be released must notify the Office of Enrollment Services in writing each semester within 10 days after the final day of registration.

Requests for further information should be made to the Office of Enrollment Services.

INSURANCE

Student health and accident insurance coverage information is available for all students at BRCC. Insurance plans are available for students review in the Dean of Student Services Office.

LOST AND FOUND

BRCC maintains a "lost and found" for students, faculty, and staff at points strategically located on the campus. Lost items are to be turned in at the security desk, located on the first floor, where they are held until the end of the day. Items are then brought to the Office of Facility Services in Room 248. Unclaimed items are kept only through the end of each semester.

PARKING

BRCC provides opportunities for on-campus parking for students, faculty, and staff. Vehicles must be registered with the college and display the appropriate parking decal at all times. Parking decals are issued for the academic year which starts in the fall semester and are valid for the fall, spring, and summer semesters. Permits are available during registration or in the Office of Student Services. Automobiles parked on campus without a parking permit will be ticketed. Visitors are allowed to park on the parking lot in front of the building in spaces designated for visitor parking. No registration or decal is required.

SPECIAL PROGRAMS/SERVICES FOR STUDENTS WITH DISABILITIES

The Director for Special Programs serves as the administrator for Disability Services, Veterans Affairs, and offers advisement to other students with special needs. The Director will assist the college in the development of special services for students according to their particular needs. The Director also serves as the College's ADA Coordinator.

BRCC is making every effort to make the educational experience of students with special needs a rewarding and successful one. Pre-admission counseling, educational planning, registration assistance, and personal/social counseling are among those services available upon request. A TDD for the hearing impaired is located in the Office of Special Programs. Interpreters, note takers, tutors, and other accommodations are available to qualified students. Students needing special accommodations should contact the office as early as possible.

SMOKE FREE BUILDING

BRCC has a smoke-free environment. Smoking is prohibited in any indoor facility, including classrooms, offices, labs, student lounge, shop areas, and hallways. Smoking by employees, students, and visitors is permitted outside of the building only in designated areas. Employees and students found smoking in non-designated areas will face disciplinary action.

STUDENT ACTIVITIES

Student activities are coordinated through the campus Office of Student Services. Suggestions for activities and programs may be submitted to this office by students and faculty. To form an organization, interested students may obtain information from the Office of Student Development.

STUDENT CONDUCT AND STUDENT DISCIPLINE PROCEDURES

Please refer to the Student Code of Conduct.

STUDENT ORGANIZATIONS

The College recognizes that student organizations provide a framework for students to develop their own special talents and interests. Objectives of organizations include assisting students in developing leadership qualities and providing profitable use of leisure time. Information about current organizations and guidelines for starting a new organization may be obtained from the Office of Student Development.

VETERANS BENEFITS

All courses in this catalog have been approved for benefits under various laws commonly referred to as the GI Bill. Those students eligible for veterans related educational benefits should contact the Office Coordinator in the Office of Special Programs for information on certification procedures.

WORKFORCE CAREER CENTER (WCC)

The primary purpose of the Workforce Career Center (WCC) is to improve career opportunities and the quality of life for the citizens in the Baton Rouge Metropolitan and surrounding areas. The WCC is an educational process that will provide personal information to students regarding career planning and placement by which students come to understand their capacities and interests, their collegiate experiences, and professional opportunities, as well as the steps to prepare for these opportunities.

The WCC will provide students with the steps to Career/ Life Planning which include Career Counseling, Assessments, Cover Letters, Resumes, Interview Skills, Job Fairs, and Job Opportunities.

DISCOVER is a comprehensive software program that helps individuals make important career and education decisions whether they are planning for college, immediate employment, vocational training, or military service. **DISCOVER'S** guidance process provides the information individuals need to choose a career area that matches their personal profile. **DISCOVER** guides students (and adults) through the maze of career information and helps you determine careers that are best suited to *your* interests, abilities, and job values. This is a free service to students at BRCC. All others must pay a \$5.00 service fee for each visit.

CORPORATE AND COMMUNITY EDUCATION

CONTINUING EDUCATION PROGRAMS

Continuing Education delivers flexible, diverse, visionary instruction responsive to the needs of the public, private and corporate citizens. Continuing education provides workforce training, entrepreneurial, personal, and professional developmental courses, and other outreach programs to enhance individual, community, and economic development.

Continuing Education instructors are professionals from the community chosen for their knowledge, expertise, and experience in their fields. Training and instruction are continuous, convenient and customer-oriented with new classes starting at various times during the semester. Continuing education classes may be held on the college campus and/or throughout various community-based locations during the day and evening hours.

Continuing Education Units (CEUs) are provided upon successful completion of approved vocational course competencies. In all recognized educational circles, one CEU is equal to ten (10) contact hours of participation in an organized Continuing Education or extension experience. The CEU is a means of recording and accounting for continuing education activities and meeting the certification requirements of certain professional organizations.

CUSTOMIZED TRAINING PROGRAMS

Customized training programs are special training initiatives that are specially designed and company specific. These programs are offered at the request of a business, government or community-based organization for their employees. The course content and time are set in response to the employer. Incumbent Worker Training Funds are available to corporate entities that qualify. The funds are available for business and industry to provide customized training for existing employees.

DISTANCE EDUCATION OR ELECTRONIC LEARNING PROGRAMS

Distance Education or Electronic Learning Programs are offered to students through television, the Internet, or other types of technology. Each course is the equivalent of the on-campus section of the same course in terms of objectives, content, rigor, and transferability. Students must meet stated prerequisites or assessment scores when applicable. Tuition is the same for distance learning or electronic courses as for courses on campus.

Several kinds of electronic learning are available at the College. Telecourses are offered to students through a series of video programs, usually two 30-minute programs per week, which can be viewed at home on TV, taped for viewing later, or leased from the library. A textbook, a study guide, and, in some courses, print or software will be provided. The instructor will meet with the class for a required orientation and announced meetings.

On-line courses are offered and include lectures, notes and assignments through the use of computers. Interaction with the instructor and other students is provided through the use of teleconferencing, discussion forums, and electronic mail. Written assignments may be assigned and textbooks, study guides, software and supplemental reading are required in some courses.

Students taking electronic learning courses must have access to a computer, an Internet connection, and an e-mail account. Some courses may require other specific software packages.

GENERAL EDUCATION REQUIREMENTS

BRCC's General Education requirements reflect the College's belief that all students need to communicate and reason effectively in order to succeed. While courses within a student's major are designed to develop a depth of knowledge and specific professional skills, general education courses expose students to a greater breadth of information, encouraging an appreciation for the realms of arts, humanities, and sciences.

A student who completes the General Education requirement for their major should have developed:

- mastery of written and spoken English;
- ability to apply the techniques of analytical reasoning;
- appreciation of the value of the arts and the humanities;
- basic familiarity with computers;
- appreciation of the methods of social science;
- understanding of the methods of critical inquiry;
- better understanding of coping with moral and ethical issues;
- strong foundation for selecting a vocation;
- appreciation for other cultures; and
- strong academic skills for the completion of additional studies.

To fulfill the General Education requirement, students must complete a minimum of 24 hours of course work divided over several major areas.¹

For the Associate of Arts in Liberal Arts, the Associate of Science in General Science, the Associate of Applied Science in Business Technology, and the Associate of General Studies, 29 hours of course work are required as follow:

- I. English Composition (six hours)
- II. Speech (three hours)
- III. Mathematics (six hours)
- IV. Social/Behavioral Science (three hours)
- V. Natural Science (three hours)
- VI. Computer Education (three hours)
- VII. Arts/Humanities (three hours)
- VIII. Seminars (two hours)

¹ Requirements vary slightly for the Certificate in Business Technology, and Associate of Applied Science in Process Technology. Students should consult their program of study and their Academic Advisor for the general education requirements in these majors.

Regulations

- Students must complete the general education requirement for their major prior to graduating from BRCC. It is recommended that students begin working on the requirement in their first semesters.
- Only those courses on the approved list below may be used to satisfy general education requirements.
- General education courses will be graded on the "A," "B," "C," "D," "F" system.
- Students must earn a grade of "D" or better in all general education courses, and a "C" or better in the English components of the general education requirement.
- A request for an exception to the general education requirement must be submitted to the dean of the division in which the course is offered. The student's request and the dean's evaluation of that request must be submitted to the Office of Academic Affairs for a final decision.

PROGRAMS OF STUDY

GRADUATION REQUIREMENTS

A student should meet on a regular basis with his or her academic advisor to assure that progress is being made toward the completion of a certificate or degree. An official degree evaluation must be requested from the Office of Enrollment Services upon the completion of 30 semester hours. All candidates for graduation must report to the Office of Enrollment Services during the period specified in the College Catalog to verify that they have satisfied all graduation requirements.

ASSOCIATE DEGREE GRADUATION REQUIREMENTS

A candidate for an associate degree must meet the following requirements:

1. Complete all work in the curriculum described in the College Catalog in effect at the time of first enrollment at BRCC. If a student changes his/her program of study or major, or if the student does not enroll at BRCC for a fall or spring semester, he or she must use the catalog in effect at the time of the change of program of study or the return to BRCC.
2. Receive approval in writing from the appropriate academic dean for any deviation from the curriculum, as stated in the catalog being followed.
3. Complete a minimum of 64 semester hours of acceptable college-level work.
4. Complete the required General Education courses.
5. Complete English 101 and English 102 with a grade of C or better. Demonstrate proficiency on a mandatory English competency examination and demonstrate proficiency in written communications, as required by the Louisiana Board of Regents.
6. Complete six hours of mathematics at college-level algebra or above and demonstrate proficiency on a mandatory mathematics competency examination as required by the Louisiana Board of Regents.
7. Have a cumulative Grade Point Average (GPA) of 2.0 or better on all course work, including a GPA of 2.0 or better on all course work attempted at BRCC.
8. Complete a minimum of twenty-five percent of the semester hours required for the certificate or degree through instruction at BRCC with the last fifteen hours taken at BRCC.
9. Be enrolled and in attendance at BRCC during the semester of graduation. Students who apply for a degree after leaving school must have completed course requirements for graduation and have been enrolled within a ten-month period preceding the late application for graduation.
10. Fulfill all obligations and regulations, including financial, to the College prior to established dates. Financial aid recipients must attend an exit interview before they will be allowed to participate in graduation or receive a diploma. Students should contact the Office of Financial Aid and Scholarships for details.
11. Make application for graduation by the deadline noted in the Class Schedule in the semester prior to the semester in which graduation is anticipated.
12. Participate in commencement exercises. Exceptions must have prior approval by the Vice Chancellor for Academic Affairs and the appropriate Academic Dean.

CERTIFICATE REQUIREMENTS

To receive a certificate, a student must meet the following requirements:

1. Complete the work in the curriculum described in the College Catalog in effect at the time of first enrollment at BRCC. If a student changes their program of study or if the student does not enroll at BRCC for a spring or fall semester, he or she must use the catalog in effect at the time of the change of program of study or the return to BRCC.
2. Have a cumulative GPA of 2.0.
3. Fulfill all obligations and regulations, including financial, to the College prior to established dates. Financial aid recipients must attend an exit interview before they will receive a certificate. Students should contact the Financial Aid Office for details.

ASSOCIATE OF ARTS IN LIBERAL ARTS

The Associate of Arts in Liberal Arts degree is designed specifically for those students who are planning to transfer to a senior college or university. The emphasis is such that students may complete General Education courses required by most senior institutions. It also allows students to gain a breadth of knowledge while choosing a major and enables them to develop a foundation for self-fulfillment or knowledge enhancement for the work place. Students who plan to transfer to another institution should discuss their plans with a BRCC advisor and with an advisor from the other college to assure transferability of credit.

To be awarded this degree, the student must have a cumulative GPA of 2.00 or better in all credits used toward the degree; earn a "C" or better in major courses; and complete the following course sequence.

¹ This Suggested Sequence of Course Work is designed for maximum transferability of general education courses to Southern University and Louisiana State University. Baccalaureate degree graduates must complete 47-50 general education semester hours at SU and 38-39 semester hours at LSU.

² In choosing courses, students should be aware that the Board of Regents requires all baccalaureate degree graduates to complete 3 hours in an arts course, 6 hours of History of Civilization, 3 hours of Literature, 6 hours of Foreign Language, and 3 hours of Humanities at or above the sophomore level.

ASSOCIATE OF SCIENCE IN GENERAL SCIENCE

The Associate of Science degree in General Science is designed as a transfer program for students who plan to transfer to a baccalaureate degree institution and major in one of the science or health professions or related pre-professional areas, such as dentistry, medicine, pharmacy, optometry, physical therapy, nursing, physics, chemistry, or biological science. For students who may not plan to transfer to a senior institution, the General Science curriculum provides foundation courses that may lead to employment in one of the various health or science fields or health related para-professions.

To maximize possible transfer courses to senior institutions, students should select a college or university as soon as possible and obtain a catalog from that institution. The student should also consult with a BRCC advisor and an advisor at the other institution and should develop a degree plan to ensure progress toward the student's intended major at a senior institution. In the event requirements deviate from the prescribed program, the student may seek modification from the Vice Chancellor for Academic Affairs.

To be awarded this degree, the student must have a cumulative GPA of 2.00 or better in all credits used toward the degree; earn a "C" or better in major courses; and complete the following course sequence.

ASSOCIATE IN GENERAL STUDIES

The Associate in General Studies is a flexible program designed to help students reach their educational or occupational goals. As a *transfer program*, students can explore various educational fields before deciding upon a major. * As a *terminal program*, students can design their course work around specific career and occupational goals.

As part of the General Studies program, you will have access to:

- A strong, yet flexible academic base; and
- Enrichment blocks and concentration components that enable students to choose course work that focuses on individual interests.

To be awarded this degree, the student must have a cumulative GPA of 2.00 or better in all credits used toward the degree, earn a "C" or better in major courses; and complete the following course sequence.

AREAS OF CONCENTRATION

Business Concentration	18
Liberal Arts Concentration	18

Students concentrating in liberal arts may select courses in art, humanities, mathematics, science, and social science.

Students concentrating in business may select courses in accounting, computer education/science, economics, finance, management, marketing, office administration, workforce writing, and business technology.

Enrichment Blocks (Choose from three blocks-with a minimum of six hours from each block)

Block 1. Arts and Humanities (6)
Music, Dance, Theater, Foreign Languages, History, Journalism, Philosophy, Visual Arts, Broadcasting, Communications, English Literature, and Speech

Block 2. Natural Science /Mathematics (6)
Mathematics, Biology, Microbiology, Physics, Zoology, Earth Science, Botany and Chemistry

ASSOCIATE OF APPLIED SCIENCE IN BUSINESS TECHNOLOGY

The program of study in business technology at Baton Rouge Community College has been specifically designed to meet the employment needs of the business community in the Greater Baton Rouge metro area. Besides the required courses, this Associate of Applied Science curriculum allows the student to choose three approved elective courses. The student has the opportunity to tailor his/her program of study by adding emphasis in one or more of the following areas: accounting, business, computer applications, finance, management, marketing, office careers, and real estate.

To be awarded this degree, the student must have a cumulative GPA of 2.00 or better in all credits used toward the degree; earn a "C" or better in major courses; and complete the following course sequence.

CERTIFICATE IN BUSINESS TECHNOLOGY

The Certificate in Business Technology at Baton Rouge Community College has been specifically designed to meet the entry level employment needs of the business community in the Greater Baton Rouge metro area. This curriculum allows the student to choose two approved elective courses. The student then has the opportunity to tailor his/her program of study by adding emphasis in the following: accounting, business, computer applications, economics, finance, management, marketing, office careers, or real estate.

To be awarded this certificate, the student must have a cumulative GPA of 2.00 or better in all credits used toward the degree; earn a "C" or better in major courses; and complete the following course sequence.

ASSOCIATE OF APPLIED SCIENCE IN PROCESS TECHNOLOGY

The curriculum leading to the Associate of Applied Science in Process Technology has been developed in collaboration with the petro-chemical industry. This program is a rigorous study of the common operating processes found in petro-chemical plants and will prepare the student to enter the employment market as a process operator. The job market for this specialty career field is considered to be exceptionally strong in the greater Baton Rouge area.

To be awarded this degree, the student must have a cumulative GPA of 2.00 or better in all credits used toward the degree; earn a "C" or better in major courses; and complete the following course sequence.

DESCRIPTION OF COURSES

Class Lab Credit

ACCT 111 FINANCIAL ACCOUNTING I

3 0 3

Introduction to the basic accounting concepts and principles; the accounting cycle; preparation of financial statements; general and special journals; and payroll accounting.

Prerequisites: Placement by department

ACCT 201 FINANCIAL ACCOUNTING II

3 0 3

Accounting concepts and principles concerned with balance sheet valuations, partnerships, corporations, stockholders' equity; the statement of cash flows, and financial statement analysis.

Prerequisites: Acct 111

ACCT 211 INTRODUCTION TO MANAGERIAL ACCOUNTING

3 0 3

Principles and methods of accounting primarily concerned with data gathering and presentation for the purpose of internal management and decision making.

Prerequisites: ACCT 201

ACCT 221 COMPUTER BASED ACCOUNTING

3 0 3

Accounting using the computer and an appropriate software application such as Peachtree.

Prerequisites: ACCT 201 & COMP 101

ARTS 101 INTRODUCTION TO FINE ARTS

3 0 3

Lecture and discussion on the visual arts with emphasis on how and why works have been created in our own and earlier times. All major forms of drawing, painting, print making, sculpture, design, and architecture explored in basic terms.

BIOL 101 GENERAL BIOLOGY I

3 0 3

This course covers the concepts in cell biology, genetics, ecology, and evolution. BIOL 101 is not intended to be a prerequisite for BIOL 102 or vice versa.

Prerequisites: Placement by department

BIOL 101L GENERAL BIOLOGY LAB I

0 2 1

This course provides a laboratory component which coincides with the BIOL 101 lecture course. The topics covered in this course follow the sequence of material in the BIOL 101 course. BIOL 101 is a co- or prerequisite for enrollment in BIOL 101L.

Prerequisites: BIOL 101 *Co-requisites:* BIOL 101

Class Lab Credit

BIOL 102 GENERAL BIOLOGY II

3 0 3

This course covers the concepts of biological diversity, physiology, and behavior of living organisms. BIOL 102 is not intended to be a prerequisite for BIOL 101 or vice versa.

BIOL 102L GENERAL BIOLOGY LAB II

0 2 1

This course provides a laboratory component which coincides with the BIOL 102 lecture course. The topics covered in this course follow the sequence of material in the BIOL 102 course. BIOL 102 is a co- or prerequisite for enrollment in BIOL 102L.

Prerequisites: BIOL 102 *Co-requisites:* BIOL 102

BIOL 120 BIOLOGY FOR SCIENCE MAJORS I

3 0 3

The course covers general concepts in cellular structure, cellular metabolism, cellular communication, and genetics. This course is primarily for students majoring in science, agriculture, or science education.

Prerequisites: MATH 101/110 or MATH 120

BIOL 120L BIOLOGY FOR SCIENCE MAJORS LAB I

0 2 1

The course covers general concepts that are found in the BIOL 120 lecture. This course is primarily for students majoring in science, agriculture, or science education.

Co-requisite: BIOL 120

BIOL 121 BIOLOGY FOR SCIENCE MAJORS II

3 0 3

The course covers general concepts in evolution, ecology, and the function of organisms. This course is primarily for students majoring in science, agriculture, or science education.

Prerequisites: BIOL 120

BIOL 121L BIOLOGY FOR SCIENCE MAJORS LAB II

0 2 1

The course covers general concepts that are found in the BIOL 121 lecture. This course is primarily for students majoring in science, agriculture, or science education.

Prerequisites: BIOL 120L *Co-requisite:* BIOL 121

BIOL 210 GENERAL MICROBIOLOGY

3 2 4

Lecture: A basic study of micro organisms with emphasis on those of medical significance and their role in public health and infectious diseases.

Laboratory: A survey of laboratory techniques in microbiology applicable to general microbiology, public health microbiology, medical technology, and medicine.

Co-requisites: BIOL 210L (included in course)

Class Lab Credit

BIOL 230 HUMAN ANATOMY AND PHYSIOLOGY I

3 2 4

This course is part I of an in-depth study of Human Anatomy and Physiology (lecture 3 hours, lab 2 hours). It focuses on gross anatomy, physiological and clinical aspects of Anatomy and Physiology as it relates to the organ systems that make up the human body. This course is designed for students majoring in medical technology, nursing, nutrition, occupational therapy, and physical therapy. The laboratory component of this course will parallel the lecture.

Prerequisites: BIOL 101, BIOL 102, and CHEM 101

BIOL 231 HUMAN ANATOMY AND PHYSIOLOGY II

3 2 4

This course is a continuation of an in-depth study of Human Anatomy and Physiology (lecture 3 hours, lab 2 hours). It focuses on gross anatomy, physiological and the clinical aspect of Anatomy and Physiology as it relates to the organ systems that make up the human body. The course is designed for students majoring in medical technology, nursing, nutrition, occupational therapy, and physical therapy. The laboratory component of this course will parallel the lecture.

Prerequisites: BIOL 230

BUSN 110 INTRODUCTION TO BUSINESS

3 0 3

A study of American business firms, organizational structures, practices, and principles. Organizational systems and terminology will be included.

BUSN 121 BUSINESS MATH

3 0 3

A review of basic math functions to include operations relative to arithmetic problems commonly found in business practices.

BUSN 140 BUSINESS COMMUNICATION

3 0 3

Theory and application of communication in the business world. Oral, written, and various electronic means of communication will be included and explored.

Prerequisites: ENGL 101

BUSN 220 BUSINESS LAW

3 0 3

A study of the legal principles and practices in the business environment. The course will review the nature and sources of law, the judicial system, contractual relationships, contracts, employee/employer obligations, and ethics.

Prerequisites: BUSN 110

Class Lab Credit

CHEM 101 CHEMISTRY I

3 0 3

This course introduces the fundamental laws, modern theories and principles of chemistry with emphasis on atomic structure, periodicity, bonds, and stoichiometry. Integrated into the course are problem solving and quantitative approaches. This course is intended for students planning to major in science or engineering.

Prerequisites: MATH 101 or 110 or 120

Co-requisites: CHEM 101L

CHEM 101L CHEMISTRY LAB I

0 2 1

Introduction to basic laboratory skills and operations including experiments dealing with physical and chemical properties, chemical reactions, and solution chemistry.

Prerequisites: None

Co-requisites: CHEM 101

CHEM 102 CHEMISTRY II

3 0 3

This course introduces chemical theories and principles with emphasis on chemical equilibria, acids and bases, electrochemistry, chemical thermodynamics, and kinetics. Integrated into the course are problem solving and quantitative approaches. This course is intended for students planning to major in science or engineering.

Prerequisites: CHEM 101 *Co-requisites:* CHEM 102L

CHEM 102L CHEMISTRY LAB II

0 2 1

Introduction to basic laboratory skills and operations including experiments in qualitative inorganic analysis, acid/base properties and titrations.

Prerequisites: None

Co-requisites: CHEM 102

CHEM 130 CHEMISTRY FOR NON-SCIENCE MAJORS I

3 0 3

This course is specifically designed for students who, while perhaps having had high school chemistry, require a thorough review of basic principles as preparation for taking a general chemistry course. It can also be used to satisfy the needs of a general education requirement in the natural sciences or provide the basic principles of chemistry necessary to meet particular career goals and interests. It is strategically tailored to meet the needs of those students who have had little or no previous background in Chemistry. This course will be based on a systematic, semi-empirical approach to the world of chemistry and cover the development of modern ideas concerning atomic and molecular structure, principles of compound formation, stoichiometry and bonding. Selected topics in applied chemistry and the application of chemical principles to life and environmental sciences will be explored.

Co-requisites: CHEM 130L

Class Lab Credit

**CHEM 130L CHEMISTRY FOR NON-SCIENCE
MAJORS LAB I**

0 2 1

The course covers basic laboratory skills and provides an opportunity for students to conduct investigations which will reinforce the principles that have been learned in Chemistry 130 lecture.

Prerequisites: MATH 093 or Placement by Dept.

Co-requisites: CHEM 130

**CHEM 131 CHEMISTRY FOR NON-SCIENCE
MAJORS II**

3 0 3

This course continues to present modern theories and principles of Chemistry with emphasis on the gas laws, properties of solutions, acids and bases and a survey of organic Chemistry. Selected topics in applied chemistry and the application of chemical principles to life and environmental sciences will be explored

Prerequisites: CHEM 130

**CHEM 131L CHEMISTRY FOR NON-SCIENCE
MAJORS LAB II**

0 2 1

The course covers basic laboratory skills and provides an opportunity for students to conduct investigations which will reinforce the principles that have been learned in Chemistry 131 lecture.

Prerequisites: CHEM 130L *Co-requisites:* CHEM 131

**COMP 101 INTRODUCTION TO COMPUTER
TECHNOLOGY**

3 0 3

Introduction to computers and their uses in society. In addition, students will be made aware of the use of applications of computers in the home, education and industry. An introduction to application software and its uses in, but not limited to, word processing, spreadsheets, databases and multimedia, are included.

Prerequisites: Placement by department

COMP 120 DATABASE MANAGEMENT I

3 0 3

Study of techniques for creating and maintaining database files. Current software applications such as MS-Access will be used.

Prerequisites: COMP 101 or COMP 190 and OFCP 100 or OFCP 120

COMP 130 SPREADSHEETS I

3 0 3

Study of techniques for creating and maintaining spreadsheets. Current software applications such as MS-Excel will be used.

Prerequisites: COMP 101 or COMP 190

Class Lab Credit

**COMP 190 MICROCOMPUTER APPLICATIONS IN
BUSINESS**

3 0 3

This course provides an overview of the historical development of microcomputers in business as well as an introduction to using the Internet as an educational tool. The course will utilize an integrated software package commonly found in the business environment. Emphasis will be placed on the use of spreadsheets and database use, manipulation and production for managerial decision making. In addition, ethical issues in software usage will be covered.

Prerequisite Placement by department

COMP 220 DATABASE MANAGEMENT II

3 0 3

A continuation of COMP 120.

Prerequisites: COMP 120

COMP 230 SPREADSHEETS II

3 0 3

A continuation of COMP 130.

Prerequisites: COMP 130 & MATH 110

**COMP 260 COMPUTER PRESENTATIONS FOR
BUSINESS**

3 0 3

The introduction of software applications used to design and prepare business (Computer Based Teaching) presentations. Software used will be MS-Power Point or other similar applications.

Prerequisites: COMP 101 or COMP 190

DVEN 090 FOUNDATIONS OF ENGLISH 090

4 0 4

This is a basic writing course that focuses on the development of writing skills via an integrated reading and writing approach. The course emphasizes the study of the basic components of standard English, specifically grammar, sentence structure, punctuation, capitalization and spelling; and the practical application of these skills through the development of effective sentences and ultimately, the paragraph.

DVEN 091 FOUNDATIONS OF ENGLISH 091

4 0 4

This course introduces students to the writing process and gives extended practice in the development of each writing stage with special emphasis on revising and editing. Writing assignments concentrate on, but are not limited to, the single paragraph essay. Emphasis is fo-

Class Lab Credit

cused on grammar and mechanics as a means of reinforcing writing. Essays from the textbook and clippings from the newspaper and other sources serve as "springboards" for creative writing.

DVMA 092 FOUNDATIONS OF COLLEGE MATHEMATICS

4 0 4

This course provides the student with a foundation in the study of college mathematics by providing a review for the student who needs to master the fundamental numerical operations of addition, subtraction, multiplication, and division of whole numbers, fractions, and decimals. It includes the study of graphs on the number line, ratio and proportion, and simple word problems.

Prerequisites: Placement by department

DVMA 093 FOUNDATIONS OF COLLEGE ALGEBRA

4 0 4

This course will provide the student with preparation for the study of college algebra. It includes a review of the fundamental operations of addition, subtraction, multiplication, and division, using integers and fractions, graphing on the number line, evaluating simple expressions and polynomials, simplifying expressions containing exponents and simple radicals, solving and evaluating linear equations and inequalities as well as solving word problems.

Prerequisites: Placement by department

DVRE 089 FOUNDATIONS OF READING 089

4 0 4

This course is designed to provide those essential background skills that are necessary for becoming effective readers and clear thinkers. The course reviews the basic word attack and comprehension skills that are required for the student to become a proficient and critical reader. Students will be required to successfully complete the computerized learning experiences provided by the Academic Learning Center.

DVRE 090 FOUNDATIONS OF READING 090

4 0 4

This course is designed to prepare students for the demands of college level reading. The course reviews and builds upon the basic skills necessary for the student to become an efficient and critical reader. Students will be required to successfully complete the computerized learning experiences provided by the Academic Learning Center.

Class Lab Credit

DVRE 091 FOUNDATIONS OF READING 091

4 0 4

This course is designed to enhance reading skills in preparation for college level textbook reading. The course reviews the basic skills necessary for the student to become better readers and stronger thinkers. Students will write a book report and/or complete another project to satisfy course requirements. Students will be required to successfully complete the computerized learning experiences provided by the Academic Learning Center.

ECON 201 PRINCIPLES OF ECONOMICS I

3 0 3

Study of the operation and function of the market economy. Attention is given to current economic problems such as those relating to income, employment, the business cycle, money and banking, growth, and development.

ECON 202 PRINCIPLES OF ECONOMICS II

3 0 3

The study of price and output determination in a free enterprise economy with the assumptions of consumer maximization of utility and producer maximization of profits.

ECON 203 ECONOMIC PRINCIPLES

3 0 3

Study of both micro and macro economic principles, problems associated with resource and product markets, money, banking and monetary policy, fiscal policy, government and business, labor, international trade, and economic growth.

ENGL 101 ENGLISH COMPOSITION I

3 0 3

Introduction to writing in forms of expressive and informative discourse with emphasis on writing as a learning, thinking process. Discussion of and practice in strategies used in prewriting, writing, and revising.

Prerequisites: Placement by department

ENGL 102 ENGLISH COMPOSITION II

3 0 3

Continuation of strategies learned in ENGL 101. Introduction to writing persuasive, evaluative, and other forms of argumentative discourse.

Prerequisites: ENGL 101 - minimum grade of "C"

ENGL 201 WORKFORCE WRITING AND VOCABULARY DEVELOPMENT

3 0 3

A study of, and practice in, the forms of discourse as they apply to the preparation of reports, memoranda, letters, and a variety of technical documents.

Prerequisites: ENGL 101/ENGL 102--min. grade of "C" in ea

Co-requisites: COMP 101 or COMP 190

Class Lab Credit

ENGL 210 LITERATURE AND ETHNICITY

3 0 3

Study of the literature of America's diverse ethnic cultures, especially Native American, Asian, Hispanic, Jewish, and African American.

Prerequisites: ENGL 101 & ENGL 102--minimum grade of "C" in each

ENGL 211 A SURVEY OF SHORT STORIES AND NOVELS

3 0 3

Skills for reading and writing about fiction; attention to generic conventions and critical perspectives; section emphasis may vary; consult departmental handout.

Prerequisites: ENGL 101 & ENGL 102--minimum grade of "C" in each

ENGL 215 INTRODUCTION TO DRAMA AND POETRY

3 0 3

The purpose of English 215 is to develop in students an ability to understand, analyze, and evaluate drama and poetry. Approximately one-half of the course focuses on drama and introduces the student to plays from different historical periods: Greek tragedy and/or comedy, Shakespearean tragedy and/or comedy, and on to the drama of the twentieth century. The other half of the course introduces the student to a large variety of poetry selected to reflect different forms, subjects, themes, and points of view. Since reading is a major focus of this course, students will practice a variety of interrelated reading and interpretive skills. Students' writing should move beyond paraphrasing into analysis, interpretation, and argumentation.

Prerequisites: ENGL 101 & ENGL 102--minimum grade of "C" in each.

ENGL 230 UNDERSTANDING LITERATURE

3 0 3

An introduction to forms of fiction, poetry and drama. The course focuses on characteristics of each type of literature, development of ideas, and techniques for writing critical essays.

Prerequisites: ENGL 101 & ENGL 102--minimum grade of "C" in each

ENGL 240 BASIC GRAMMAR REVIEW

3 0 3

An intensive overview of traditional English grammar including parts of speech, phrases and clauses, basic sentence patterns, and complex sentence structures. Course also focuses on development of writing skills through consideration of current topics relating to usage.

Prerequisites: ENGL 101 & ENGL 102--minimum grade of "C" in each

Class Lab Credit

EASL 090 ENGLISH AS A SECOND LANGUAGE 090

3 0 3

This course offers a general comprehensive review of English grammar. Vocabulary enrichment will be an ongoing activity. Students will be encouraged to use the dictionary and those skills will be reviewed and evaluated periodically. EASL 090 will also focus on listening, speaking, reading and writing skills in everyday contexts. The computer is used to supplement classroom instruction.

EASL 091 ENGLISH AS A SECOND LANGUAGE 091

3 0 3

This course focuses on the skills necessary for functioning at the college level and is a follow-up to EASL 090. EASL 091 emphasizes reading and writing. Instruction in listening, note-taking, and preparation for lecture classes is also included. The computer is used to supplement classroom instruction.

FINA 100 BASIC MONEY HANDLING

1 0 1

This course will explore the chain of responsibility in handling and accounting for cash and other tangible assets. It will also include the development of tactile skills in handling and counting cash and currency.

FINA 110 PERSONAL FINANCE

3 0 3

A survey of personal and family finances as well as personal money management. Topics will include: budgets, savings, borrowing, taxes, insurance, and estate planning.

FINA 120 BANKING OVERVIEW

1 0 1

This course is a study of jobs and career fields in the banking industry. Students will be required to perform interviews of bankers and related professionals, and present their findings in class.

FINA 210 BUSINESS FINANCE

3 0 3

A study of the organization of business firms, financial planning, funds for operation, short and long term capital, long term debt, and business expansion.

Prerequisites: ACCT 111

FREN 101 ELEMENTARY FRENCH I

3 0 3

French 101 is a three-hour course. It is a beginning course designed for students with no previous knowledge of French. It places strong emphasis on vocabulary, sounds and structure of the French language.

Co-requisites: Language lab

Class Lab Credit

FREN 102 ELEMENTARY FRENCH II

3 0 3

French 102 is a three-hour course which continues French 101. It is a beginning course designed for students who have completed one semester of French. It places strong emphasis on vocabulary, sounds and structure of the French language.

Prerequisites: FREN 101 or equivalent

Co-requisites: Language lab

FREN 201 INTERMEDIATE FRENCH I

3 0 3

French 201 is a three-hour course which continues French 102. It is an intermediate course designed for students who have completed two semesters of French. It places strong emphasis on vocabulary, sounds and structure of the French language. Other components of the course include reading and writing.

Prerequisites: FREN 101 & FREN 102 or equivalent

Co-requisites: Language lab

FREN 202 INTERMEDIATE FRENCH II

3 0 3

French 202 is a three-hour, video-based course designed for intermediate students of French. It places strong emphasis on development of listening, speaking, reading and writing skills.

Prerequisites: FREN 101, FREN 102, & FREN 201 or Equivalent

Co-requisites: Language lab

GEOG 201 INTRODUCTION TO GEOGRAPHY

3 0 3

A survey of significant geographical endeavors and ideas Western and non-Western cultures have contributed towards the development of modern geography, and their impact on historical world events; discussion of the major topical sub-disciplines that comprise modern geography; an introduction to the concepts, techniques, and tools of physical geography and human geography.

GEOG 203 CULTURAL GEOGRAPHY

3 0 3

Introduction to the concepts, themes, and techniques of cultural geography; topical discussion of religion, politics, language, population, agriculture, urbanization, environmental and social problems.

GEOG 205 PHYSICAL GEOGRAPHY

3 0 3

Introduction to the concepts, themes, and disciplines of physical geography. Discussion of atmospheric moisture, pressure and temperature, plate tectonics, volcanism, weathering and mass wasting, diastrophism, coastal processes, fluvial processes, global ecosystems and weather systems.

Class Lab Credit

HIST 101 HISTORY OF WORLD CIVILIZATIONS I

3 0 3

A survey of the major civilizations of the world to 1500 with particular emphasis on the interactions among them and their influences on each other.

HIST 102 HISTORY OF WORLD CIVILIZATIONS II

3 0 3

A survey of the major civilizations of the world from 1500 to the present, with particular emphasis on the interactions among them and their influences on each other.

HIST 201 U.S. HISTORY I

3 0 3

A survey of United States history from the period of the colonial origins to 1865.

HIST 202 U.S. HISTORY II

3 0 3

A survey of United States history from 1865 to the present.

HIST 210 LOUISIANA HISTORY

3 0 3

A survey of Louisiana history from the original European settlement to the present.

MANG 131 PERSONNEL MANAGEMENT

3 0 3

A study of personnel issues to include job classification (C.O.J. & D.O.T.), compensation, benefits, discipline, and training. The class will also utilize role-playing and will discuss the impact of positive leadership.

Co-requisites: SEMN 114, COMP 101, or COMP 190

MANG 201 PRINCIPLES OF MANAGEMENT

3 0 3

The fundamentals of management theory, including behavioral and scientific approaches.

Prerequisites: BUSN 110

MANG 222 SMALL BUSINESS MANAGEMENT

3 0 3

A study designed to introduce students to the start-up and operation of a small business. Business planning, decision making, and critical thinking will be topics of discussion. A research paper (business plan) and presentation will be required.

Prerequisites: COMP 101 or COMP 190

MANG 223 INDUSTRIAL PLANT MANAGEMENT

3 0 3

A course directed toward the operating procedures of an industrial plant. Quality management, critical thinking, team decision making, and process capability will be points

Class Lab Credit

of study. The application of operating consistency, variance, and histograms, correlation, standardization, standard deviation, and control charts will be addressed. Customer satisfaction and meeting quality standards through continuous improvement will be a focus. A research paper and presentation will be required. Students should be familiar with World Wide Web browsers and search engines to conduct Internet research.

Prerequisites: For PTEC majors, COMP 101, PTEC 101, PTEC 103, and PTEC 105; For Business/Other Majors, COMP 101, BUSN 110 and BUSN 140

MARK 160 CONSUMER SALES

3 0 3

A course directed at developing skills relative to consumer sales. Methods of presenting, promoting, and closing sales will be discussed and practiced. Students will also be exposed to issues relative to ethics in marketing.

Prerequisites: Placement by department

MARK 215 RETAIL MERCHANDISING

3 0 3

Students will discuss marketing, sales, advertising, display of merchandise, and promotion. Students will gain hands-on experience in specific areas of interest.

Prerequisites: BUSN 110

MATH 101 COLLEGE ALGEBRA (5-HOUR FORMAT)

5 0 3

Quadratic equations, systems of linear equations, inequalities, functions, graphs, exponential and logarithmic functions, complex numbers, and theory of equations.

Prerequisites: Placement by department. Credit will not be given for both this course and MATH 110 or MATH 120.

MATH 110 COLLEGE ALGEBRA

3 0 3

Quadratic equations, systems of linear equations, inequalities, functions, graphs, exponential and logarithmic functions, complex numbers, and theory of equations.

Prerequisites: Placement by department. Credit will not be given for both this course and MATH 101 or 120.

MATH 111 PLANE TRIGONOMETRY

3 0 3

Trigonometric functions and identities, inverse trigonometric functions, graphs, solving triangles and equations, complex numbers, and polar coordinates.

Prerequisites: MATH 101 or MATH 110

MATH 120 COLLEGE ALGEBRA AND TRIGONOMETRY

5 0 3

For qualified students, a replacement for Math 101/110 and 111 as preparation for calculus.

Prerequisites: Placement by department

Class Lab Credit

MATH 130 INTRODUCTION TO CONTEMPORARY MATHEMATICS

3 0 3

Primarily for students in liberal arts and social sciences. Mathematical approaches to contemporary problems of growth, size, and measurement, handling of data, and optimization using basic concepts from algebra, geometry, and discrete mathematics.

Prerequisites: Placement by department

MATH 131 COLLEGE MATHEMATICS

3 0 3

Designed for students who desire an exposure to mathematics as part of a liberal education. Variety of topics include: number systems, logic, counting techniques, probability and statistics, problem solving, basic concepts of algebra including functions, graphs, systems of equations, and geometry.

Pre-requisite MATH 130

MATH 200 FINITE MATHEMATICS

3 0 3

Topics include systems of linear equations, vectors, matrices, and matrix algebra; linear inequalities and linear programming; counting techniques: permutations and combinations; probability, basic concepts in introduction to statistics

MATH 201 CALCULUS FOR NON-SCIENCE MAJORS

3 0 3

The course will focus on: limits, continuity, and differential and integral calculus for algebraic, logarithmic, and exponential functions together with applications in business and economics, such as optimization, marginal analysis, and exponential growth models.

Prerequisites: MATH 101 or MATH 110

MATH 202 BASIC STATISTICS I (5-HOUR FORMAT)

5 0 3

Descriptive statistics: graphical, tabular, and computer data summary, measures of location and dispersion and their application; basic probability: rules and relationships, Bayes theorem, discrete and continuous probability distributions (especially the binomial and normal), sampling and sampling distribution; inferential statistics, single population: estimation and hypothesis testing for the mean and proportion and associated errors, sample size determination, p values.

Pre-requisite MATH 201 and COMP 190

MATH 203 BASIC STATISTICS II (5-HOUR FORMAT)

5 0 3

Continuation of Math 202; brief review of Math 202; data analysis (including computer applications) and interpretation using correlation and simple regression, multiple re-

Class Lab Credit

gression, analysis of variance; analytical approaches to decision making using linear programming and decision analysis.

Pre-requisite MATH 202

MATH 210 CALCULUS I

4 0 4

This course will focus on: limits, continuity and differentiation and integration of algebraic, trigonometric, exponential and logarithmic functions from analytical and graphical points of view.

Prerequisites: (MATH 101 (or MATH 110) and MATH 111) or MATH 120

MATH 211 CALCULUS II

4 0 4

This course continues the focus on applications of the derivative and integral. Parametric equations, polar coordinates, infinite sequences and series, three dimensional geometry, vectors and partial derivatives.

Prerequisites: MATH 210

MUSC 101 MUSIC APPRECIATION

3 0 3

This course is designed to foster an understanding of music through the study of selected examples of literature. Emphasis is placed upon the analysis of compositions in conjunction with references to cultural and historical developments.

OFCP 100 KEYBOARDING

1 0 1

A course designed to teach the use of a standard keyboard that is typical to today's computer terminals. Basic typing and function key concepts will be discussed and practiced.

OFCP 110 ELECTRONIC OFFICE SYSTEMS

3 0 3

This course will explore technology currently in use in the modern business office. There will be demonstrations and application of office machines to include the following: electronic calculator, FAX, E-mail and voice mail systems, transcriber, computer, copier, scanner, and printer.

OFCP 120 TYPING I

3 0 3

A beginning course in typing. Students will learn the use of home keys, rhythm, speed, and accuracy using a standard computer keyboard. Practice will be done using business letters, manuscripts, and reports with a current software application.

OFCP 125 BUSINESS CORRESPONDENCE

3 0 3

A study of business correspondence. Students will learn to compose and type clear, complete, concise letters, memos and reports.

Prerequisites: OFCP 120 & ENGL 101

OFCP 130 WORD PROCESSING

3 0 3

Study of techniques and procedures for creating, editing, and storing text files using word processing software. Current software applications such as MS-Word will be used.

Prerequisites: OFCP 100 or OFCP 120 and COMP 101 or COMP 190

OFCP 220 TYPING II

3 0 3

A continuing course in typing. Students will continue to develop speed and accuracy using a standard computer keyboard. Practice will be done using business letters, manuscripts, and reports with a current software application program.

Prerequisites: OFCP 120

OFCP 230 RECORDS MANAGEMENT

3 0 3

Study of basic record keeping, management, utilization, control, and storage of records will be discussed. Procedures for coding, indexing, and cross referencing will be applied and practiced.

PHIL 201 INTRODUCTION TO PHILOSOPHY

3 0 3

An introduction to philosophical ideas, problems and methods through a study of important philosophers and the major systems of philosophy. Topics to be covered may include: appearance and reality, human nature, nature of knowledge, relation of mind and body, the right and the good, the existence of God, and freedom and determinism.

PHIL 203 INTRODUCTION TO LOGIC*Credits 3*

Formal and informal reasoning: (1) traditional logic, emphasizing syllogistic theory, validation techniques and fallacy detection; (2) elementary formal logic, including truth-tables and propositional logic.

PHIL 205 INTRODUCTION TO ETHICS

3 0 3

Relevance, applicability, and practicality are the goals of this course in ethics. The course is a topical review of current ethical theories. Lectures, projects, and class discussions will be concerned with the development of a practical ethical perspective relevant to today's world.

Class Lab Credit

Special areas of concern include business, legal and medical ethics.

PHSC 101 PHYSICAL SCIENCE I

3 0 3

The first semester of a two-semester sequence is a survey course in physical science treating topics in physics and astronomy. This course is intended to give students a greater appreciation for the wonders of the physical universe in which they live through a study of kinematics, Newton's laws of motion, rotational motion, fluids, thermodynamics, waves, the solar system and other key topics in astronomy. This course is not intended for students who plan to major in one of the physical sciences and cannot be substituted for the basic course in any of these fields.

Prerequisites: MATH 101 *Co-requisites:* PHSC 101L
Strongly recommended

PHSC 101L PHYSICAL SCIENCE LAB I

0 2 1

The first semester of a two-semester sequence is a laboratory designed to complement PHYC 101. This course provides the means to gain an empirical understanding of the topics covered in the physical science lecture course. This course is not intended for students who plan to major in one of the physical sciences and cannot be substituted for the basic laboratory course in any of these fields.

Prerequisites: MATH 101 *Co-requisites:* Credit or
registration in PHSC 101

PHSC 102 PHYSICAL SCIENCE II

3 0 3

The second semester of a two-semester sequence is a survey course in physical science treating the most basic principles, concepts, and developments in physics, chemistry and geology. This course is not intended for students who plan to major in one of the physical sciences and cannot be substituted for the basic course in any of these fields.

Prerequisites: PHSC 101 or equivalent
Co-requisites: PHSC 102L strongly recommended

PHSC 102L PHYSICAL SCIENCE LAB II

0 2 1

The second semester of a two-semester sequence is a laboratory course covering selected experiments primarily from electricity, magnetism and chemistry. This course is not intended for students who plan to major in one of the physical sciences and cannot be substituted for the basic laboratory course in any of these fields.

Prerequisites: PHSC 101L *Co-requisites:* Credit or
registration in PHSC 102

Class Lab Credit

PHYS 110 INTRODUCTION TO PHYSICS

3 0 3

An introduction to the principles of physics and the techniques of problem solving. Emphasis on units of measure, three dimensional vectors and trigonometry, kinematics, graphical analysis and equivalent methods in calculus, Newton's laws of motion, work and energy, and oscillating systems.

Prerequisites: MATH 101 (or MATH 110) and MATH-111 (or MATH 120) or advanced placement to higher level (than MATH-120) math course.

Co-requisites: Registration (or credit) in MATH-210

PHYS 121 GENERAL PHYSICS FOR PHYSICS MAJORS I

4 0 4

The first semester in a two-semester sequence in a primary classical physics for students intending to major in physics or astronomy. Vector operations with calculus and analytical geometry; kinematics and dynamics of particles and rigid bodies; Newton's laws of motion for translational and rotational motion, work, energy, and conservation of energy; static equilibrium and elasticity; mechanics of fluids; oscillating systems, waves and sound; gravitation; kinetic theory of gasses; thermodynamics and heat engines.

Prerequisites: PHYS 110 or placement by examination. MATH 210. (minimum of 4 semester-hours credit).

Co-requisites: Registration (or credit) in MATH 211 (minimum 4 semester-hours credit).

PHYS 122 GENERAL PHYSICS FOR PHYSICS MAJORS II

4 0 4

The second of a two-semester sequence in a primary classical physics for students intending to major in physics or astronomy. Vector operations with calculus and analytic geometry; electric energy and power; dc and ac circuits; electromagnetic waves; geometric optics; physical optics; structure of the atom; quantization of energy and momentum; wave-particle duality; special relativity; introduction to cosmology.

Prerequisites: PHYS 121. MATH 211 (minimum 4 semester-hours credit) *Co-requisites:* None

PHYS 201 GENERAL PHYSICS I

Credits 3

The first semester of a two-semester sequence is an overview of basic concepts and principles of mechanics, heat, and sound. This course is appropriate for students studying biology, earth and environmental sciences, pre-med, nursing, construction and other disciplines.

Prerequisites: MATH 111 or MATH 120, or equivalent

Co-requisites: None. PHYS 210L is strongly recommended.

Class Lab Credit

PHYS 202 GENERAL PHYSICS II

Credits 3

The second semester of a two-semester sequence for students studying biology, (pre) medicine, architecture, technology, earth and environmental sciences, and other disciplines. The second semester will introduce the basic concepts and principles of optics, electricity, magnetism and topics in modern physics.

Prerequisites: PHYS 201*Co-requisites:* None. PHYS 211L strongly recommended**PHYS 210 PHYSICS FOR TECHNICAL STUDENTS I**

Credits 3

The first semester of a two-semester sequence in primarily classical physics for students in engineering or other technical disciplines. Vector operations with calculus and analytic geometry; kinematics and dynamics of particles and rigid bodies; Newton's laws of motion for translational and rotational motion; work, energy, and conservation of energy; static equilibrium and elasticity; mechanics of fluids; oscillating systems, waves and sound; gravitation; kinetic theory of gasses; thermodynamics and heat engines.

Prerequisites: PHYS 110 or placement by examination.*MATH 210 (min. of 4 semester-hours credit)**Co-requisites:* Registration (or credit) in MATH 211 (min. of 4 semester-hours credit)**PHYS 210L GENERAL PHYSICS LABORATORY I**

0 2 1

The first semester of a two-semester sequence is a laboratory course in which students will perform selected experiments in mechanics, heat, and sound. This laboratory course is designed for both students enrolled in PHYS 201 and PHYS 210.

Co-requisites: Credit or registration in PHYS 210 or PHYS 201**PHYS 211 PHYSICS FOR TECHNICAL STUDENTS II**

3 0 3

The second semester of a two-semester sequence in primarily classical physics for students in engineering or other technical disciplines. Vector operations with calculus and analytic geometry; electric and magnetic fields; electrical energy and power; dc and ac circuits; electromagnetic waves; geometrical optics; physical optics; structure of the atom; quantization of energy and momentum; wave-particle duality; special relativity.

Prerequisites: PHYS 210, MATH 211. Minimum 4 semester hours**PHYS 211L GENERAL PHYSICS LABORATORY II**

0 2 1

The second semester of a two-semester sequence is a laboratory course in which students will perform selected experiments dealing with electricity, magnetism, optics, and modern physics.

Prerequisites: PHYS 210L *Co-requisite:* PHYS 211*Co-requisites:* Credit or registration in PHYS 211 or PHYS 202

Class Lab Credit

POLI 110 AMERICAN GOVERNMENT

3 0 3

The principles, institutions, processes, and functions of government. Emphasis is on the national government, the development of our constitutional system, and the role of the citizen in the democratic process.

PSYC 200 PSYCHOLOGY OF ADJUSTMENT

3 0 3

Addresses both scientific and applied aspects of the Psychology of Adjustment. Topics covered include aspects of personality, stress and coping, social influences on adjustment, and interpersonal relationships. Designed to facilitate self-understanding and the exploration of alternative behavioral strategies and problem-solving techniques.

PSYC 201 INTRODUCTION TO PSYCHOLOGY

3 0 3

A broad overview of the field of psychology, designed to expose students to major theories, research methods, and applied areas of psychology.

PTEC 101 INTRODUCTION TO PROCESS TECHNOLOGY

3 0 3

This course will provide for discussion of industrial plant responsibilities, duties, and ethics including drugs, sexual harassment, shift work, and workplace diversity policies. There will be a general overview of topics to include: quality control, safety, hazardous material, and nomenclature of machinery and equipment typical to the environment in the petro-chemical industry. A field trip and/or research paper and subsequent presentations will be required.

PTEC 103 INDUSTRIAL INSTRUMENTATION I

2 2 3

This applied course will expose students to the terminology and concepts of instrumentation. Topics will include: control loops, process measurements, pressure, PH detection, flow transmitters, transducers, transmission of signals, upsets, and an overview of nuclear instrumentation.

Prerequisites: Placement by department**PTEC 105 PROCESS PLANT EQUIPMENT**

2 2 3

Students will be exposed to definition and actual application of types of equipment actually found in processing plants. This will include the following; valves, piping, pumps, compressors, steam traps, generators, turbines, motors, lubricator systems, heat exchangers, furnaces/boilers, drums, separators, reactors, evaporators, and relief devices.

Prerequisites: Placement by department

Class Lab Credit

PTEC 107 INDUSTRIAL INSTRUMENTATION II

2 2 3

A continuation of Instrumentation I. Topics will include theory of automatic control, error, reset and rate responses, tuning, ratio and cascade controllers. Actual application will be with a simulated or real demonstration unit.

Prerequisites: PTEC 103 and MATH 110 or MATH 101

PTEC 109 PROCESS TECHNOLOGY INTERNSHIP

3 0 3

Work program during the semester. The student will have the option of developing an employment situation (minimum of 135 supervised hours), with a local plant, or taking another approved course.

Prerequisites: PTEC 103, PTEC 105, and PTEC 107 and department approval

PTEC 201 HYDRAULICS/FLUIDS

2 2 3

This applied course will address fluids, the types, chemical and physical natures, and factors affecting them while in motion. Basic calculations relative to flow and volume will be reviewed. Other topics such as laminar/turbulent flow, viscosity, and Reynolds number will be discussed.

Prerequisites: PTEC 105 and 107

PTEC 203 INDUSTRIAL SAFETY

2 2 3

This course will address many safety and environmental issues typical of today's industrial environment and regulatory issues. It will also include personal safety concerns such as fatigue and ergonomics as well as emergency response.

Prerequisites: PTEC 101 and PTEC 105

PTEC 205 UNIT OPERATIONS

2 2 3

This applied course is designed to present the student with the overall concept of unit (plant) operations. The student will develop a thorough working knowledge of process control terminology and the application of these processes.

Prerequisites: PTEC 105, PTEC 107, CHEM 101, CHEM 101L

Co-requisites: PTEC 201

PTEC 207 PROCESS TECHNOLOGY PARADIGMS

3 0 3

The content of this course will be a continuously evolving study of the most current trends, equipment, and developments in the field. Guest lecturers who are current in issues will be invited to present, and students will be encouraged to actively participate. A research paper, or presentation will be required. With departmental approval, this course may be repeated for credit.

Prerequisites: PTEC 109 or department approval

Class Lab Credit

PTEC 215 PROCESS TECHNOLOGY CAPSTONE PROJECT

2 2 4

Capstone Project - this course will challenge and apply a measure to the overall level of competency developed by the student. It may take the form of an individual or team type project directed at solving a real or simulated typical problem from an industrial plant environment. A final report will be required.

Prerequisites: Department approval

REAL 101 INTRODUCTION TO REAL ESTATE

3 0 3

This course is an overview of the entire career field. It includes study relative to closing costs, economics, financing, land, marketing, and written instruments. There will also be discussion of terminology and the career ladder in this industry.

SEMN 110 INTRODUCTION TO BRCC

1 0 1

This course is designed to introduce beginning students to Baton Rouge Community College (BRCC) and to higher education in general. Seminar 110 focuses on study skills, the use of technology, and BRCC student support systems. Instruction is delivered via faculty and/or community professionals.

SEMN 111 CAREER PLANNING

1 0 1

This course focuses upon the total immersion and/or acclimation of beginning students into the college environment. Seminar 111 emphasizes personal, academic, and career growth and development. Instruction will be delivered via faculty and community professionals.

SEMN 112 SEMINAR IN MATH/SCIENCE ANXIETY

1 0 1

This course is designed for students who avoid mathematics and science courses because they have experienced anxiety (stress) in mathematics and/or science classes. Many students avoid careers in the sciences because of the mathematics requirements; this course addresses that problem.

SEMN 113A CRITICAL THINKING I

1 0 1

This course studies the process by which one develops and supports one's beliefs with clear, unambiguous arguments and evaluates the strength of the arguments of others in real life situations. The course includes practice in inductive and deductive reasoning, presentation of arguments in oral and written form, and analysis of the use of language to influence thought. Applies the reasoning process in fields such as business, law, science, and the arts.

Class Lab Credit

SEMN 113B CRITICAL THINKING II

1 0 1

This course (an extension of Critical Thinking I) studies the process by which one develops and supports one's beliefs with clear, unambiguous arguments and evaluates the strength of the arguments of others in everyday situations. Activities include practice in inductive and deductive reasoning, presentation of arguments in oral and written form, and analysis of the use of language to influence thought. The reasoning process will be applied to various disciplines of study.

SEMN 114 ORIENTATION TO CAMPUS RESOURCES

1 0 1

This course will consist of learning how to use the electronic resources of the open computer lab, the library, and the other computer-based resources available on campus.

SEMN 120 WORKPLACE ETHICS

1 0 1

This course will explore the workplace responsibilities of an employee. Discussion will include: employer/employee relationships, expectations, dress, demeanor, and presentation.

SOCL 200 INTRODUCTION TO SOCIOLOGY

3 0 3

As an introduction to the discipline of sociology, this course surveys and provides students with an understanding of human society and social life. It introduces students to the major subject areas of sociology, including the major theoretical perspectives and theorists; logic and techniques of research; social organization, institutions, and inequality; and social change.

SOCL 205 CONTEMPORARY SOCIAL PROBLEMS

3 0 3

A description and sociological analysis of major, contemporary social problems in American society. The focus is on both the individual and societal levels (thus, on both social action and social structure) and on the reciprocal relationship between them.

SPAN 101 ELEMENTARY SPANISH I

3 0 3

An introduction to Spanish language and culture, which explores the basic grammatical structures of the Spanish language. Students will develop writing, reading, and speaking skills. Supplementary work will be done in the language laboratory.

SPAN 102 ELEMENTARY SPANISH II

3 0 3

A continuation of SPAN 101. It will extend students'

Class Lab Credit

elementary knowledge of the basic grammatical structures of the Spanish language. Students continue to develop reading, writing, and speaking skills. Additional work will be done in the language laboratory.

Prerequisites: SPAN 101

SPAN 201 INTERMEDIATE SPANISH I

3 0 3

A course designed to build upon elementary knowledge of the Spanish culture and language with increasing emphasis on speaking, listening, reading and writing.

Prerequisites: SPAN 102 or its equivalent

SPAN 202 INTERMEDIATE SPANISH II

3 0 3

A course designed to build upon and extend intermediate knowledge of the Spanish culture and language with increasing emphasis on speaking, listening, reading and writing.

Prerequisites: SPAN 201 or its equivalent

SPCH 101 FUNDAMENTALS OF SPEECH

3 0 3

The course develops an awareness and appreciation of the history and traditions of speech communication as a field of academic study. Students learn fundamental codes, functions, and processes of oral communication. Public speaking assignments are included.

SPCH 120 TECHNIQUES OF SPEECH

3 0 3

The course is designed to teach students basic public presentation principles and skills. Students complete a speech of introduction, an informative speech, a demonstration speech, a persuasive speech, and a special occasion speech. The ethics of public speaking are also considered.

SPCH 210 INTERPERSONAL COMMUNICATION

3 0 3

The course introduces basic principles and theories of interpersonal communication. Students also learn practical skills for enhancing everyday relational communication in a variety of social and professional settings.

SPCH 220 COMMUNICATION FOR BUSINESS PROFESSIONALS

3 0 3

The course is designed to assist students in business related presentations. Students complete one information-seeking interview, and two (4-6) minute presentations, one of which occurs as part of a group presentation. General theories and principles of organizational communication are also examined.

BATON ROUGE COMMUNITY COLLEGE FOUNDATION

HISTORY

The Baton Rouge Community College Foundation is a not for profit, tax-exempt organization; therefore, contributions are tax deductible. The Foundation is governed by a board of directors who represent private gift donors. The governing board is composed of business, professional and civic leaders who are committed to advancing the College from its inception to a successful academic center of learning. Contributors to the Foundation may designate that their donation be used for student scholarships, institutional development, or general foundation support. The Foundation publishes an annual report detailing receipts, expenditures, and activities and is available for public inspection.

GOAL

The Foundation's goal is to support the Baton Rouge Community College mission by providing financial and human resources. All funds raised by the BRCC Foundation will be used to support the College's role, scope, and mission encompassing comprehensive instructional programs, community outreach opportunities, and public service. The Foundation will also provide a formal mechanism for identifying and recruiting volunteers.

OBJECTIVE

The Baton Rouge Community College Foundation will solicit financial contributions from individuals, business and professional groups, and philanthropic organizations. These contributions will enhance existing financial aid to the College by leveraging dollars to expand and enhance instructional and support services.

Additional information regarding the Baton Rouge Community College Foundation is available from the Foundation office.

STUDENT HANDBOOK

The Dean of Student Services administers disciplinary procedures governing students. The Dean may refer disciplinary problems to a student, faculty and staff committee appointed by the Chancellor of the college.

Baton Rouge Community College expects all students to adhere and abide by the student disciplinary procedures. In case of student misconduct, the following procedures apply:

1. Initial Report:

A report is made in writing to the Dean of Student Services within forty-eight hours of the occurrence or knowledge of a violation of one or more of the enumerated student responsibilities.

2. Dismissal or Further Investigation:

The Dean of Student Services or a designee will determine whether the report alleges facts that set forth a violation of one or more of the enumerated student responsibilities. If it does not, the report is dismissed. If it does, the Dean of Student Services investigates the matter to include, but not limited, to one or more face to face interviews of the accused violator(s), or witnesses for and against the accused violator(s) and the receiving of evidence relevant to the investigation.

3. Sanctions:

If an investigation indicates to the Dean of Student Services or a designee that a violation of one or more of the student responsibilities have occurred, the Dean of Student Services or a designee may impose a sanction on the accused violator(s). In the event that a sanction(s) is imposed, the accused violator(s) will be notified by certified mail of the decision to impose a sanction, the nature of the sanction, the reasons for the imposition of sanction and the specific item(s) of evidence relied upon in reaching the decision.

4. Right of Appeal:

Each accused violator has the right to "appeal" any portion of the decision rendered by the Dean of Student Services or a designee by notifying in writing the Dean of Student Services or a designee of the intent to "appeal." The notice of intent to appeal must be received by the Dean of Student Services or a designee within seventy-two hours from the date of receipt of the Notice of Decision or the right of appeal is lost.

5. Appellate Procedure:

Upon receipt of a timely notice of appeal, the Dean of Student Services or a designee shall convene an Appellate Review Panel comprised of three members of the current Student Disciplinary Committee (as selected by the chairperson of the Student Discipline Committee) and two students appointed by the SGA Executive Committee.

A. Right to Counsel:

Accused violators enjoy the right to have counsel present at any proceedings of the Review Panel for the sole purpose of advising the accused violator. The proceedings are informal by nature and do not permit counsel to participate in any other fashion. Neither the Rules of Evidence, or of Civil or Criminal Procedure, are applicable to these proceedings.

B. Scope of Review and Disposition:

The Review Panel is empowered to convene hearings, call witnesses, weigh evidence and take all necessary steps to review the appropriateness of the decisions made by the Dean of Student Services or a designee with respect to the violations alleged, sanctions imposed, reasons for the decision and the evidence relied upon or any other matter deemed relevant by the Panel.

The Review Panel is likewise empowered to affirm or reverse, wholly or in part, the decision of the Dean of Student Services or a designee. The Review Panel is likewise empowered to conduct further investigation by calling other witnesses and/or receiving additional evidence if it deems it necessary. The Review Panel may adjourn and continue its proceedings, as it deems necessary.

C. Recording of Proceedings:

All proceedings of the Appellate Review Panel will be electronically recorded and, in the event of a further appeal, transcribed at the request of any party.

D. Judgment of the Panel:

The Review Panel's Judgment is reached by a voice vote of its members. The Judgment shall be rendered in written form and shall include the reasons for the decision.

6. Further Appeal:

Accused violators may appeal the judgment of the Appellate Review Panel to the College Chancellor by notifying him or her within seventy-two hours of receipt of the judgment of the Appellate Review Panel. The judgment of the Chancellor constitutes a final judgment at the institutional level. The student may appeal the decision of the Chancellor to the Baton Rouge Community College Management Council. The appeal must be perfected within thirty calendar days of knowledge or receipt of the Chancellor's decision. Written procedures applicable to the filing of this appeal to the Management Council are maintained in Student Services and are available to all students upon request.

STUDENT ORGANIZATIONS

Operating on the basis of voluntary participation and self-government, organizations are an integral part of the community. They are obligated to contribute to the scholastic attainment and general development of the individual. Skills and experiences obtained through membership in an organization serve as a valuable supplement to the formal curricula.

GENERAL POLICY

When groups of students wish to have a continuous association, intended to last beyond the term of those immediately involved, causing them to congregate for activities on the campus requiring the use of college facilities and advertising them to the general public as a group centered on the campus, it is proper that they be required to register with the college. All registered associations should be accorded the same privileges and bound by the same obligations. No student organization may carry on any activity on college property unless it has been registered under the procedures herein outlined.

REGULATIONS FOR RECOGNIZED ORGANIZATIONS

BRCC recognizes the right of groups to freely assemble, but also accepts the responsibility to protect the rights of the members of the campus community from organizations, which infringe upon the purposes of the institution.

An organization shall be open to all students of Baton Rouge Community College who otherwise meet membership requirements. An organization may not deny membership on the basis of race, national origin, gender, age, religion, sexual orientation, disability, or status as a veteran. (*Exclusion based on gender is applicable based on Title IX Education Amendments.)

Membership in the organization shall be limited to currently enrolled students.

Individuals and groups are responsible for conducting activities in accordance with the rules, regulations, standards and BRCC Code of Student Conduct.

Organizations shall not require of its members any activity incompatible with scholastic attainment or acceptable general development of the individual.

To serve as an officer of an organization or in any elected or appointed position, a student must be in good standing with the college and maintain both a cumulative and previous semester grade point averages of 2.0.

All organizations must maintain one faculty advisor. All persons who hold the rank of professor, associate professor, instructor, adjunct instructor, and/or staff member, shall be considered eligible to serve as advisors of organizations. The advisor must be notified of, and encouraged to attend, meetings and functions of the organization and to assume partial responsibilities for its activities.

Every organization must furnish a complete list of officers and any members of the organization who are authorized to receive official notices, directives, or information from the College. Such lists shall be kept current and accurate throughout the year by the organization and it shall be presumed that officers and members whose names appear on the list most recently filed are authorized to speak for and represent the organization in its relations with the college.

SPECIAL PRIVILEGES

A registered organization is entitled:

- To use the name of Baton Rouge Community College in connection with organizational activities.
- To be listed as a student organization.
- To reserve the use of facilities.
- To post signs and distribute literature in accordance with college regulations.
- To use campus mail services.
- To request advertising in and news coverage in campus publications normally open to organizational interests.
- To nominate in Student Government Association elections as provided in the SGA Election Code.

REGISTRATION OF NEW ORGANIZATIONS

A group of students wishing to register an organization at BRCC should consult with the Dean of Student Services. Those students wishing to form a social organization should request so from the Dean of Student Services. A petitioning group must meet all the regulations for student organizations and provide the following documents:

- (1) A Prospective Student Organization Application
- (2) The Proposed Constitution and Bylaws of the organization which clearly contains the following:
 - the name and purpose of the group
 - rules of membership in the organization
 - terms and methods of membership selection, officers, and duties
 - proposed nature and frequency of meetings
 - proposed activities
 - financial plans of the organization including proposed fees, dues and assessments and provisions for the distribution of all funds and assets in the event of dissolution.

New organizations may be denied registration when their purposes are within the scope of a current organization. Once all information submitted by a proposed organization is in order, and the college Chancellor approves the request for recognition, they will be allowed to register as a student organization at BRCC. The Office of Student Services will send notification.

An organization need only follow the preceding steps one time. To maintain active status (and thereby continued recognition), a Renewal Card for registered organizations must be completed each fall semester and filed with the Dean of Student Services. A group not maintaining active status cannot be approved to execute programs and activities on campus.

SANCTIONS FOR ORGANIZATIONAL MISCONDUCT AND WITHDRAWAL OF REGISTRATION

A student club or organization that fails to comply with BRCC's Code of Student Conduct or the policies and procedures established by the college or if it fails to function within its prescribed purpose, shall be subject to sanction(s). Sanctions may be imposed following procedures outlined in the Code of Student Conduct. A sanction may be imposed alone or in conjunction with one or more additional sanctions. The sanctions for Organizational Misconduct and Withdrawal of Registration can be found in Article VII, Section 3 of the college Code of Student Conduct.

APPEALS PROCEDURES

An organization may appeal a decision, which results in the organization receiving the sanction of disciplinary probation, suspension or expulsion from the college. The organization shall submit a written receipt within five class days of notice of such sanction. Appeals procedures shall follow BRCC's Code of Student Conduct.

CODE OF STUDENT OF CONDUCT

By issue of this Code of Student Conduct, BRCC hereby established the standards and procedures, which shall govern the conduct of students on college property in college facilities and while attending official functions away from the college campus. Students and student organizations will be expected to become familiar with this Code and assure the Code's successful implementation by their observance of the provisions and their support of the objectives stated herein.

ARTICLE I. INTRODUCTION

Baton Rouge Community College of Louisiana is an institution with an educational mission, which is carried out by means of programs, and activities devoted to the pursuit of knowledge, through instruction, research and service. The College exists as a community of students, faculty, administrators, and staff who provide, participate in and support these activities and programs. The College campus, facilities, properties and other resources exist to facilitate this educational mission.

The college has an inherent interest in developing policies to preserve and enhance the college's ability to function effectively and efficiently as an academic institution. These policies entail recognition of both rights and responsibilities for all members of the college community. These considerations make student conduct a legitimate concern of the college.

As a member of the college community, a student is entitled to the freedoms and rights guaranteed to students by the Constitutions of the United States and Louisiana. A student has a right to the opportunity to learn and benefit from an intellectual environment free of distractions.

Accompanying these rights are certain responsibilities. A student must abide by federal, state and local laws. A student is obliged to respect the rights of others. A student shall comply with valid institutional regulations, contribute to the order of the college's academic and administrative processes and uphold standards of decency and honor in all conduct. Only when individuals are responsible can their rights be assured. Freedom must be exercised responsibly in the context of recognized interest of others and the institution.

The policies and procedures in this Code are established to secure these ends. Such policies and procedures are fundamentally designed to help maintain a campus environment conducive to learning and other educational pursuits. This Code is intended to ensure the enjoyment of students of all proper rights, without undue infringement by others. This Code is a means to, the attainment of the college's educational mission by protecting the institution's processes, resources and constituent community.

The State of Louisiana, College Management Board, delegates general authority in the governance of students enrolled at BRCC to the Chancellor. Within the scope of this authority delegated the Chancellor, and pursuant to further delegation to the Dean of Student Services, this Code of Student Conduct is promulgated for BRCC.

This Code shall be published and made available by reasonable means, to students attending the college, and shall be applicable to all students. Upon enrollment a student shall be deemed to have accepted the conditions and obligations stated herein and to have agreed to be bound hereby, in addition to all other applicable college regulations which any have been or may in the future be issued and published by proper authority. This Code shall likewise apply to all student groups, whether formally or informally organized and whether recognized by the college or not. Off campus conduct and conduct on college property shall be within the scope of this Code. The fact that criminal or civil proceedings may be instituted against a student shall not bar commencement of the disciplinary process involving such student under this Code, nor shall the college be bound by the outcome of such proceedings in the college's determination of whether misconduct did or did not occur or in the selection of an appropriate sanction. In regard to conduct by a student which may be the subject of such a criminal or civil action, the college shall have the discretionary right to proceed under this Code against the student before, during the pendency of, or after the final disposition of such action, or even in the absence thereof.

ARTICLE II. DEFINITIONS

To enhance the understanding of this Code and protect the due process right of students, the terms and phrases of this Code are herein defined.

Article II: Section 1. TERMS

- A. **Attorney:** An attorney licensed to practice law in the state of Louisiana.

- E. **Preponderance of Evidence:** Evidence more probable than not.
- F. **College Personnel:** Any person employed by the college for any purpose.
- G. **College Property:** All land, buildings, equipment, and facilities owned, leased or controlled by the college.

ARTICLE III. STUDENT RIGHTS AND RESPONSIBILITIES

As a means of giving greater content and definition to the important notion of student rights and irresponsibility, those identified below shall be recognized as belonging to students of this institution. This enumeration is not intended to be exhaustive, however, nor shall it in any way prevent recognition of additional, different or modified rights and obligations for students through supplementation to this Code, issuance of other college policy, or any alternative appropriate means provided a legitimate reason exists for such additions.

Article III: Section 1. COLLEGE COMMUNITY

- A. The college has the right and the responsibility to formulate and disseminate policies to promote the general welfare of the college community. Students have the responsibility to know such policies of the college.
- B. Students shall be represented through the Student Government Association, in those affairs of the college that concerns student welfare.
- C. Students shall conduct themselves in a manner, which recognizes the rights of others and promotes the welfare of the college community.

Article III: Section 2. ACADEMIC FREEDOMS AND RESPONSIBILITIES

- A. In academic matters students have a right to be governed by justifiable regulations.
- B. Students have a right to an environment conducive to learning and free from distraction. Students are responsible for behavior, which is conducive to the teaching/learning process.
- C. Students shall be free to take reasoned exception to data and views offered in the classroom, provided such exception does not hinder the learning process.
- D. Students have a right to grades that represent the instructor's fair and objective evaluation.

- E. Students have a right to accurately and clearly stated information, which would enable them to determine:
 1. The general requirements for establishing and maintaining an acceptable academic standing.
 2. Their own academic/admission status with the college and any special conditions which apply.
 3. The graduation requirements of any particular degree program.

- F. Students have a right to be informed of the content and objectives of a course, the method of evaluation and the relative importance of each test, paper, etc., comprising the total evaluation for the course.

- G. Students are responsible for meeting the requirements of a course according to the standards of performance established by the instructor.

- H. Students have a right to protection against improper disclosure of information acquired by instructors related to the student's grades, views, beliefs, health or character.

- I. Students have a right to seek assistance from an instructor during the instructor's scheduled office hours.

- J. Students have the right to refrain from activities that involve unreasonable risk to the student's physical and mental health.

Article III: Section 3. EDUCATIONAL RECORDS

- A. A student's right of confidentiality in and access to student educational records shall be stated in college policy.
- B. A student's academic transcript and disciplinary records shall be separately maintained. A student's transcript shall only contain information concerning a student's academic standing.

Article III: Section 4. FREEDOM OF INQUIRY AND EXPRESSION

- A. Students shall be free to examine and to discuss all questions of interest and express opinions.
- B. Students shall be free to support any causes by lawful means. At the same time, it shall be made known that public expression or demonstration of students or student organizations represents only the views of those making the statement and not the college community.
- C. Discussion and expression of all lawful views is permitted within the institution in public places subject to reasonable time, manner and place required for maintenance of order and to applicable state, federal and local laws. The college retains the right to provide for the safety of individuals, the protection of property, and the community of the educational process in maintaining order.
- D. Recognized student organizations may invite and hear any persons of their own choosing, subject to requirements for use of institutional facilities and subject to the college speakers policy stated in 4.3 above.
- E. Students have a right to express opinions through student media and they have a responsibility to adhere to the canons of professional journalism.

Article III: Section 5. STUDENT LIFE

- A. Students shall be free to organize and associate to promote their common interests.
- B. Student organizations are required to make public information concerning purpose, criteria for membership and a current list of officers.

Recognized student groups may use college facilities, if available, in accordance with normal scheduling policies.

Article III: Section 6. REDRESS OF GRIEVANCES

- A. In any instance a student's rights as outlined herein are contravened, the student shall have the right to petition for redress of such a grievance through procedures found in Appendix I of this document.

ARTICLE IV. INFRACTIONS

Every student and student group shall be required to act lawfully and in such a way as not to adversely affect the educational processes of the college or the rights of others. Violation of this general standard shall be considered an infraction of this code. The following types of conduct are prohibited and individuals found to have committed such infractions by the procedures set forth in this code shall be subject to sanctions being imposed including the sanction of suspension or expulsion from the college. The following list is non-exclusive:

Article IV: Section 1. ACADEMIC INFRACTIONS

- C. Littering on college property.
- D. Unauthorized occupation of, entry on or into college property.
- E. Unauthorized use, possession, duplication, and/or distribution of one or more keys to college property.

Article IV: Section 9. SUBSTANCE INFRACTIONS

- A. Possession or consumption of alcoholic beverages on college property, during any trip sponsored by the college or college affiliated organization except as provided in college policy.
- B. Unauthorized or illegal possession, use, sale, manufacture, or transportation of narcotics, stimulants, depressants, hallucinogenic, or other controlled substances as defined by state statute.
- C. Public intoxication and/or operation of motor vehicle or water craft while intoxicated.

Article IV: Section 10 OTHER INFRACTIONS

- A. Failure to comply with a lawful order, direction, request of a college employee made by the employee in the performance of the employee's duties.

- B. Any conduct not specifically stated herein which disrupts the educational processes of the college or the rights of members of the college community or others.
- C. Aiding or inciting others to commit any infraction in this code.
- D. Hazing in any form, including any action taken or situations intentionally created which may bring to an individual undue attention that may be degrading, demeaning or cause physical discomfort, emotional ridicule or harassment.
- E. Visitation on other college or university campuses or industrial sites, or any property for the purpose of defacing or destroying said property, or of disrupting normal activities of such institutions or property.

ARTICLE V. ADMINISTRATION OF THE CODE OF STUDENT CONDUCT

The Dean of Student Services is responsible for administration of this Code of Student Conduct in a fair and impartial manner. It shall be the responsibility of the Dean to see that this code is available to all students and that students subject to actions prescribed in this code understand their right to due process.

Article V: Section 1. FILING COMPLAINT

- A. A complaint alleging a student or an organization committed an infraction(s) of this code may be filed by any member of the college community having knowledge of the infractions based on personal observation or other reliable information.
- B. Complaints must be in writing.
- C. The complaint shall identify the alleged infraction(s), the facts upon which the allegation is based, and shall be signed by the person filing the complaint.
- D. Filing the complaint shall be accomplished by submitting the signed complaint to the Dean of Student Services.

Article V: Section 2. PRELIMINARY INVESTIGATION

- A. Upon receipt of a complaint that a student has allegedly committed an infraction(s) of this code, the Dean shall conduct a preliminary investigation.
- B. If the preliminary investigation indicates the allegation to be unsubstantiated, the Dean shall dismiss the complaint.
- C. If the allegation is found to have substance, the Dean shall summon and inform the student of the specific allegation(s).
- D. The student may choose during the conference to:
 1. Admit knowingly and willingly to the allegation(s) in writing and waive all further hearings and right to appeal and agree to accept the Dean of Student Services disposition of the matter.
 2. Deny the allegation(s) in writing and agree to accept the Dean of Student Services disposition of the matter without benefit of an administrative hearing or right to appeal.
 3. Deny the allegation(s) and request an administrative hearing.
- E. Following the conference, the Dean shall dismiss the complaint as unsubstantiated, administer appropriate sanctions, or schedule an administrative hearing.

Article V: Section 3. ADMINISTRATIVE HEARING

- A. Notice of an administrative hearing shall be in writing through normal college channels or certified mail return receipt requested. The notice shall state the alleged act(s) of the student, the infraction(s) of the code allegedly committed, and the date, item and place of the hearing.

- B. The notice of the hearing shall advise the student of his/her student's right to counsel (as defined in Article II, Section 1.3) during the hearing and the right to view evidence prior to the hearing.
- C. Legal rules of evidence do not apply in an administrative hearing, but the Dean may use and give probative effect to evidence that possesses probative value and is commonly accepted by a reasonable person.
- D. An administrative hearing shall be scheduled at a reasonable time to allow the student to prepare proper defense.
- E. The Dean shall set the date, time, place and make necessary arrangements for the administrative hearing.
- F. The Dean, for good cause, may reschedule the hearing.
- G. The hearing procedure shall be informal and provide reasonable opportunity for the student to present a defense and for witnesses to be heard.
 - 1. The hearing shall be closed only to those persons directly involved.
 - 2. The Dean shall present the college's evidence and call such witnesses as required.
 - 3. The student shall present any evidence or call such witnesses to present a defense.
 - 4. The Dean of Student Services may question all witnesses.
 - 5. The student is given an opportunity to make a final statement.
- H. Within three class days of the conclusion of the administrative hearing, the Dean may dismiss the allegations as unsubstantiated or impose appropriate sanctions. The notice of decision shall be delivered by normal college communication channels or certified mail return receipt requested. The notice shall include proper appeals procedures.

ARTICLE VI. APPEALS PROCEDURES

A student may appeal a decision of the Dean of Student Services which results in the student receiving the sanction of disciplinary probation, suspension or expulsion from the college. The student shall submit a written appeal to the Dean of Student Services within five class days of receipt of notice of such sanction.

Article VI: Section 1. APPEALS COMMITTEE

- A. The appeals committee shall consist of eleven members, four faculty or staff members and two students appointed by the Chancellor, and two faculty or staff members and three students recommended by the Student Government Association and appointed by the Chancellor.
- B. The chairperson shall be appointed by the Chancellor. In the absence of the appointed chairperson, a temporary chairperson shall be elected by the committee.
- C. A quorum shall consist of six members, two of which must be student members.
- D. Faculty or staff members shall serve staggered terms of four years, student members shall serve for their tenure as a full-time student in good standing with the college.
- E. A member unable to serve shall submit a written resignation to the chairperson.
- F. The committee may remove a member by simple majority vote for malfeasance, nonfeasance or misfeasance of the committee's responsibilities.
- G. If a quorum of the committee cannot be assembled in order to meet time lines required by this code, the Chancellor shall make the necessary temporary appointments to provide a quorum.

Article VI: Section 2. CHAIRPERSON'S RESPONSIBILITIES

- A. The chairperson shall instruct the committee on this code and hearing procedures. The hearing shall be conducted in the spirit of fair play. Rulings of the chair may be overruled by a two-thirds vote of the members present.

- B. The chairperson presides over the hearing.
- C. The chairperson ascertains that the Dean of Student Services and the student have performed their responsibilities.
- D. The chairperson rules on the admissibility of evidence, motions, objections and recognizes committee members for the purpose of questioning.

Article VI: Section 3. DEAN OF STUDENT SERVICES RESPONSIBILITIES

- A. The Dean of Student Services, with the concurrence of the chairperson shall establish the date, time, place and provide notice of hearing to all involved persons.
- B. The Dean of Student Services shall provide the student with a transcript of the administrative hearing if requested by the student. New evidence and/or names of witnesses, which were unobtainable or unavailable for the administrative hearing, shall also be provided to the student.
- C. The Dean of Student Services summons students and/or college personnel to serve as witnesses and insures that evidence and/or witnesses requested by the student and/or committees are available for the hearing.
- D. The Dean of Student Services reports noncompliance with a summons by college personnel to the Chancellor.
- E. The Dean of Student Services makes necessary arrangements for the hearing, including the recording of the proceedings.
- F. The Dean of Student Services shall present the case on behalf of the college.

Article VI: Section 4. STUDENT'S RESPONSIBILITIES

- A. The student shall appear for the hearing on the scheduled date at the prescribed time.
- B. The student shall notify the Dean of Student Services in writing three days prior to the hearing of any documents or witnesses the student wishes summoned on the student's behalf.

- C. At least three class days prior to the hearing, the student shall notify the Dean of Student Services if the student is to be advised by an attorney during the hearing.

Article VI: Section 5. NOTICE OF HEARING

- A. Notification of the hearing shall be in writing through normal college communication channels or by certified mail addressed to the student at the address appearing in the registrar's records. If the student is a minor, a copy of the letter shall be mailed to the student's parents or guardian.
- B. The notice shall specify the date, time and place of the hearing. The hearing shall not be less than seven nor more than ten class days after the date of receipt of notification. The chairperson, for good cause, may postpone the hearing and request the Dean of Student Services to notify involved persons of the new hearing date.
- C. The notice shall direct the student to appear and inform the student that failure to do so without good cause will result in the student's forfeiture of the right to appeal.
- D. The notice shall advise the student that the hearing shall be closed. The student's right to be advised by counsel or attorney and right to present evidence and question witnesses. The notice shall also advise the student of the right to appeal to the Chancellor the decision of the committee.

Article VI: Section 6. HEARING PROCEDURES

- A. The hearing procedures shall be informal in nature and provide reasonable opportunities for witnesses to be heard.
- B. The hearing shall be closed. Persons present shall be limited to the Dean of Student Services and appropriate staff, members of the students' immediate family, attorneys or counsel for the student and college, and the committee members. Witnesses shall be sequestered.

- C. The standard of review shall be that of arbitrary and capricious. The committee shall ascertain whether or not valid reasons for the sanctions were substantiated and the procedures followed were consistent in their application.
- D. The committee shall follow the procedures outlined herein:
1. The Dean of Student Services presents the procedures and evidence used to reach the decision.
 2. The members of the committee shall have an opportunity to question the Dean of Student services for points of clarification.
 3. The student shall have an opportunity to explain irregularities or inconsistencies in the procedures and/or application of the rules and regulations.
 4. The members of the committee will have an opportunity to question the student for point of clarification.
 5. New evidence may be presented by the college or the student. Such evidence must have been unavailable for the administrative hearing.
 6. The Dean of Student Services shall present the college's final closing remarks.
 7. The student shall make closing remarks.
 8. Succinct final remarks shall be made by the Dean of Student Services.
 9. All involved parties including the Dean of Student Services shall be excused and the committee shall commence sequestered deliberations.
- E. The committee can uphold the decision of the Dean of Student Services, reduce the sanctions imposed by the Dean of Student Services, vacate the decision of the Dean of Student Services due to irregularities in procedures or remand the matter for rehearing to cure procedural irregularities.
- F. The student shall be notified in writing by normal college communication channels or certified mail return receipt requested of the committee's decision within three class days following the hearing. The notice of decision shall inform the student of the student's right to appeal, in writing, the committee's decision within five class days to the Chancellor.

ARTICLE VII. SANCTIONS

An individual or student organization committing an infraction(s) of this Code shall be subject to sanctions outlined in this article. A sanction may be imposed alone or in conjunction with one or more additional sanctions. Sanctions shall be categorized as sanctions for disciplinary misconduct, academic misconduct and organization misconduct.

Article VII: Section 1. SANCTIONS FOR DISCIPLINARY MISCONDUCT

- J. **Warning:** A written or oral notice to the organization that a continuation or repetition of a specific conduct maybe cause for further and more severe disciplinary action.

ARTICLE VIII. INTERIM SUSPENSION

Under certain exigent circumstances, expedited, temporary suspension of a student may be necessary or appropriate. The following policies and procedures shall govern such suspensions.

Article VIII: Section 1. CIRCUMSTANCES FOR USE

- A. A student may be suspended on an interim basis without benefit of due process procedures as previously outlined in Article V of this Code where the student's continued presence is a

threat to the safety of other members of the college community and/or substantially interferes with the college's educational processes.

- B. A student may be suspended on an interim basis without benefit of due process procedures as previously outlined in Article V of this Code where the student's continued presence is a threat to the student.
- C. A student may be suspended on an interim basis without benefit of due process procedures as previously outlined in Article V of this Code where the student present imminent danger to himself, other students, and to other individuals.

Article VIII: Section 2. PROCEDURES

- A. A hearing will be held immediately, within 48 to 72 hours, where the student presents imminent danger to himself, others students, and to other individuals.
- B. An interim suspension may be imposed only by the Dean of Student Services.
- C. The student shall be given written notice of the imminent possibility of suspension and opportunity to appear before the Dean.
- D. The Dean shall provide the Chancellor with a written rationale for the need to suspend a student on an interim basis and provide the student with a copy of such rationale.

Article VIII: Section 3. LENGTH OF INTERIM SUSPENSION

- A. An interim suspension shall remain in effect pending completion of the normal disciplinary process.
- B. The Dean of Student Services shall have the authority to modify the terms of an interim suspension.

Article VIII: Section 4. OTHER INTERIM SANCTIONS

- A. The Dean of Student Services shall have the authority to impose any lesser sanction on an interim in accordance with these procedures.

- B. A student organization shall be subject to interim sanctions under the same circumstances and procedures as an individual student.

APPENDIX I : STUDENT GRIEVANCE PROCEDURE

Resolution of a student's grievance, unless otherwise specified, shall begin with the person whose decisions is being appealed. If the problem cannot be resolved at this level, the matter may be pursued through the appropriate administrative chain, the immediate supervisor of the person rendering the last decision. Appeals are to be submitted in written form.

At each level of appeal above the initial level, the student shall provide the appropriate person a written statement of grievance, setting forth the nature of the grievance, the pertinent facts, and the remedial action desired; any other relevant material shall also be presented. The student shall receive a written response from such person within five class days of the latter's receipt of the grievance statement. The response shall be one of the following:

- a. A decision in favor of the student.
- b. A decision supporting the previous action.
- c. A statement of compromise agreed to in a discussion with the parties involved and signed by them.
- d. A recommendation to the challenged person's immediate supervisor, with a copy to the student; or

An explanation for delaying the decision for an additional five class days, followed by a response as in (a) - (d) above by the end of the additional five class days.

If at any level, a student does not receive a response in the manner stated above, the student may, within five class days submit grievance to the person at the next level. The procedure there will be the same as described above. The failure of a person to respond will therefore not preclude a student addressing the grievance to the next level.

If the student believes that a satisfactory resolution of the grievance has been reached at any level, the process shall be concluded and no further ac-

tion taken by any party. If after exhausting the administrative chain, a student still believes that there is just cause for grievance, the student may seek redress from the Chancellor. When the matter is presented in writing to the Chancellor, he shall request the College Appeals Committee to conduct a hearing on the matter and forward to the Chancellor a recommendation as to the disposition of the matter. The Chancellor shall render a final decision within fifteen class days of receipt of the grievance.

APPENDIX II : INVOLUNTARY WITHDRAWAL

BRCC is committed to offering educational opportunities to all students. However, when a student constitutes a threat to the health, safety and welfare of the student, or others, or to college property, or is unable to effectively pursue academic studies because of maladaptive behavior which is disruptive to the educational process of the college, the student may be withdrawn from the college. Such withdrawal should follow the procedures prescribed herein.

Involuntary withdrawal for medical reasons will be undertaken when the student exhibits behavior resulting from severe psychological disturbance as documented by a licensed psychologist or counselor, which is not attributable to voluntary conduct subject to sanctions under the college Code of Student Conduct. Such behavior shall include but not be limited to:

- Posing a significant threat of danger or physical harm to the student, or other members of the college community or property.
- Interfering with the rights of other members of the college.
- Lacking the capacity to respond to institutional charges or understand the nature and quality of the act(s).
- Subsequent to the determination of the existence of circumstances cited above, the following procedures shall apply where involuntary withdrawal is being considered.

- A. A student shall be summoned in writing to attend a conference with the Dean of Student Services and any person the Dean requests as a consultant. The notice shall include:

1. A statement of the reasons for the conference.
2. A statement that if the appropriate professional staff and/or consultant recommends the student to be involuntarily withdrawn from the college, the student has the option to voluntarily withdraw from the college while waiving any rights to a hearing or to request a hearing.
3. A statement advising the student that the election of a hearing waives the student's confidentiality rights to medical and psychological records for the purpose of the hearing.
4. A statement outlining the rights of the student as provided herein.

B. The purposes of the conference with the Dean of Student Services are:

- To review with the students the incidents.
- To assess the degree of the problem.
- To determine whether the individual will be referred immediately to the appropriate professional staff or consultant for an interview and, if so, advise the student that refusal to participate in the interview will subject the student to suspension from the college.
- To review the rights of the student as cited herein.
- To afford the student the right to choose voluntary withdrawal from the college or request a hearing before the Committee on Involuntary Withdrawal.

C. If an administrative referral is made, the following procedures shall be used:

Whenever possible, the student will be accompanied to the interview by an appropriate professional staff member.

The professional staff member or consultant conducting the interview shall make a determination concerning the degree of psychological disturbance and advise the Dean of Student Services of the appropriate action.

D. The student shall be afforded the following rights when a hearing is requested before the Committee on Involuntary Withdrawal:

A written letter of the time and place of the hearing at least three class days prior to the hearing. The letter will also advise the student of the student's right to attorney as defined in the college Code of Student Conduct and inform the student that if the student chooses to have an attorney present during the hearing, the student is required to notify the Dean of Student Services at least two days prior to the hearing. Additionally, the letter shall inform the student that the student's representative shall be limited to advising the student during the proceedings.

The right to present witnesses and evidence on behalf of the student and to question witnesses and challenge evidence presented by the college.

The right to appeal the decision of the committee to the Chancellor within five class days of receipt of the committee's decision. The appeal is limited to grounds of prejudicial procedural error or actions, which are arbitrary and capricious. The decision to appeal will not stay initiation of the withdrawal. The Chancellor shall notify the Dean of Student Services and the student within five days of receipt of the appeal.

If a hearing is requested before the Committee on Involuntary Withdrawal, a hearing shall be arranged within five class days. The committee is appointed by the Chancellor and includes but is not limited to a staff counselor, faculty member from the social science department and the Dean of Student Services shall serve in an ex officio capacity. The committee shall determine by substantial weight of the evidence:

Whether the student exhibits behavior cited herein.

Whether the student should be involuntarily withdrawn.

On determination that involuntary withdrawal is necessary, and in turn carried out, the conditions for readmission are specified and depend on a psychological evaluation by a psychiatrist and a medical clearance being submitted for review by appropriate college professional staff and/or consultant. A student may be removed immediately from college property as provided in Article VII of the college Code of Student Conduct pending initiation of the above procedures.

- If any college employee, student, staff member, faculty member, administrator, Dean, or Chancellor, Fiscal Officer or Controller does not satisfactorily resolve the matter, the Complainant may file a written grievance form. Employee Complainants can obtain this form from the Human Resources Office.
- If student Complainants want to proceed with their complaints, the Dean of Student Services will assist the student in initiating the formal grievance process.

SEXUAL HARASSMENT

No student or employee shall be subjected to unsolicited and unwelcome sexual conduct, either verbal or physical. Sexual harassment violates college policy as well as state and federal laws and is specifically prohibited. Baton Rouge Community College will neither permit nor condone this type of behavior.

Sexual harassment has been defined by the Equal Employment Opportunity Commission as unwelcome sexual advances, including requests for sexual favors and other verbal or physical conduct of a sexual nature, when:

- Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting the individual or his/her living environment, or adversely affecting any student.
- Such conduct has the purpose or effect of substantially interfering with an individual's academic or professional performance or creating an intimidating, hostile, or offensive employment, educational, or living environment, or adversely affecting any student.

BRCC'S POSITION STATEMENT ON SEXUAL HARASSMENT

Unprofessional Conduct and Sexual Harassment

Members of the college community—students, staff, faculty, and administrators—are entitled to a professional working environment, free of harassment or interference for reasons unrelated to the performance of their duties. Since some members of the community hold positions of authority that may involve the legitimate exercise of power over others, it is their responsibility to be sensitive to that power, so as to avoid actions that are abusive or unprofessional. Faculty and supervisors, in particular, in their relationships with students and fellow employees, need to be aware of potential conflicts of interest and the possible compromise of their evaluative capacity. Because there is an inherent power difference in these relationships, the potential exists for the less powerful person to perceive a coercive element in suggestions regarding activities outside those appropriate to a strictly professional relationship. It is the responsibility of faculty and supervisors to behave in such a manner that their words or actions cannot reasonably be perceived as suggestive or coercive. Unprofessional conduct includes, but is not limited to the following:

1. Unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature where submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic status, or submission to or rejection of such contact by an individual is used as a basis of employment or academic decisions affecting such individual;
2. Exploitation of another person for private advantage;
3. Appropriation of another person's work without credit;
4. Unreasonable and substantial interference with another person's work performance;
5. Creating an intimidating, hostile, or offensive environment based on sex, race, religion, age, political belief, or national origin;

6. Any conduct severely prejudicial to the college, or which is detrimental to the college and its working and processes.

Students and employees will be provided the use of separate grievance procedures. All faculty, staff, and administrators will be held accountable for compliance with this policy. Cases which involve unprofessional conduct and/or sexual harassment and intimidation and harassment are inconsistent with the maintenance of academic freedom on campus; therefore, nothing contained in this policy shall be construed either to limit the legitimate exercise of the right of free speech or to infringe upon the academic freedom of any member of the college community.

Any questions regarding either this policy or a specific past situation should be addressed to the appropriate college administrator, affirmative action officer, Dean of Student Services, Vice Chancellor for Academic Affairs or the Chancellors office.

Informal Procedures for Resolving Complaints

Initial Contact

1. Any employee or student who believes he/she has been the subject of sexual harassment or sexual intimidation is encouraged to consult with an appropriate college officer (Department Head, Dean, Director) to gain an understanding of both the BRCC Sexual Harassment Policy and of possible options and resources.
2. Students have the option of consulting with the Dean of Student Services. Faculty members may select the option to consult with the Vice Chancellor for Academic Affairs. Staff members have the option of consulting with the appropriate Dean/Department Head responsible for their particular college unit.
3. Upon receiving the initial complaint, the college officer will schedule a preliminary meeting to discuss the charges, to explain proper procedures, to complete the Sexual Harassment Complaint Checklist, and to determine whether further information is needed. Based upon the outcome of this meeting, the administrator will take one of the following actions:

1. If the person wants to proceed with the complaint, the college officer will explain the process and the procedures.
2. If the person does not want to proceed with the complaint, the college officer will make a record of the complaint and take such action as necessary to protect the interest of the complainant and of the College.
3. If after the preliminary investigation the college officer feels that sexual harassment has not occurred, the officer will advise the person of his/her findings and will advise the person of his/her options if the person wishes to proceed further with the complaint.

Informal Resolution

If a person decides to file a sexual harassment complaint, the following procedure shall be adhered to:

Every effort should be made to resolve a complaint within thirty (30) days of the initiating this informal process. During this preliminary stage, the complainant will be encouraged to provide information contained in the Sexual Harassment Complaint Checklist. The administrator will use the Assessment Form to determine appropriate courses of action. If the college officer decides that the described situation fits the definition of sexual harassment, he/she will request the names of the involved parties and will request an agreement to conduct an informal investigation.

The objective of this process will be to provide appropriate relief to the aggrieved party, sensitize the alleged harasser to the effects of such behavior, and resolve the complaint to the mutual satisfaction of both parties. An investigation will minimally include contacting the college officer responsible for the accused, i.e., if a student makes a complaint to the Dean of Student Services about a faculty member, the Dean will notify the faculty member's dean and/or department head relative to the complaint. Other steps that may take place in the investigative process are the following: (1) additional fact-finding; (2) a meeting with the administrative officer of the accused to discuss the grievance; and (3) a meeting with the complainant and accused separately or together.

Where a resolution is reached, a dated copy of the terms of the resolution indicating the nature of the complaint and the names of the parties shall be recorded and kept in a separate case file to be located in the appropriate college office.

Note: The person filing the complaint will be protected against retaliation in any form. Words or behavior that punish a person for filing a complaint of sexual harassment are illegal. False accusations have a damaging effect on innocent people. False accusations are not condoned and may lead to disciplinary action.

FORMAL COMPLAINT PROCEDURES

If the informal proceedings are deemed inappropriate by either party, or if the matter is not resolved, the aggrieved party may initiate the formal grievance procedure. In extraordinary circumstances, when the continued working or academic relationship between the aggrieved party and the accused creates an impossible working/academic environment, a temporary transfer or reassignment of duties will be considered. If the aggrieved party decides to proceed with a formal grievance the following action will take place:

A written and signed complaint of sexual harassment must be submitted to the appropriate college officer by the aggrieved party within ten (10) working days after the informal resolution has failed or within sixty (60) calendar days of the incident cited as sexual harassment. Student complaints should be submitted within ten (10) months of the incident. The complaint shall state, as clearly and concisely, the facts, which are the grounds for the proceeding, and the relief sought. The college officer receiving the written complaint shall inform the appropriate Vice Chancellor, Dean, or Director of the complainant so that a hearing may be set. In special circumstances, time limits may be waived with the mutual consent of college officers. All matters will be handled as expeditiously as possible.

2. Upon receipt of the written complaint, the appropriate college officer(s) will within five (5) days, contact the person who allegedly engaged in the sexual harassment, and inform him/her of the basis of the complaint and the opportunity to respond.

That person will have five (5) days to respond to the complaint. The response shall contain full, direct, and specific responses to each claim in the complaint.

3. Within fifteen (15) days of the aforementioned deadline, the Dean of Student Services will convene the college advisory committee to establish hearing procedures concerning the complaint.

4. The function of the college advisory committee will be to hear and consider testimony and other relevant evidence, to make findings of fact, to determine whether the college's policy on sexual harassment has been violated, and if so, to recommend appropriate relief and disciplinary action(s). A copy of the Committee's findings will be made and retained by the appropriate college officer(s).

5. If the college advisory committee determines that sexual harassment has occurred, it will recommend appropriate corrective action.

The corrective action will reflect the severity of the incident and any past sexual harassment offenses. Appropriate corrective action can include but is not limited to the following:

- a. Oral reprimand;
- b. Written reprimand;
- c. Suspension;
- d. Reassignment of duties;
- e. Termination;
- f. Counseling; or
- g. Any combination of the above.

6. Within five (5) days following the conclusion of its investigation and hearing, the college Advisory Committee will forward its findings and recommendation for action to the Chancellor. Within fifteen (15) working days, the Chancellor will review the Committee's recommendation and determine an appropriate course of action. The decision will be communicated in writing to the accuser, accused, and the accused's appropriate administrative supervisors.

7. Either party may appeal the Committee's recommendation by submitting a written request to the Chancellor. Request for an appeal must be made to the Chancellor within fifteen (15) days after the appealing party receives a copy of the Committee's findings. The written ruling of the Chancellor shall constitute the final decision.

FORMAL GRIEVANCE PROCEDURES

If the informal proceedings are deemed inappropriate, for whatever reason, by either party, or if the matter is not resolved through the informal process, the Complainant may initiate the formal grievance procedure.

1. Student Complainants should follow the grievance procedure as outlined in the Code of Conduct.
2. Staff member Complainants are directed to the Director of Human Resources for the grievance procedure, which should be followed.

CONFIDENTIALITY

To the extent possible and as required by law, confidentiality will be maintained to protect the privacy of all individuals involved. Only those individuals involved in the resolution of such a case will be given access to information about the case. However, Complainants are advised that confidentiality can only be respected insofar as it does not interfere with the College's obligation to investigate allegations of misconduct which, when brought to the College's attention, requires it to take corrective action.

CATALOG POLICY

The College catalog is published periodically. The provisions of the catalog are not to be regarded as an irrevocable contract between the student and the College. Normally a student may expect to be graduated under the requirements published in the catalog year in which he/she was officially accepted into the specific degree program; however, the College reserves the right to make and designate the effective date of changes in curriculum, course offerings, fees and other regulations if such changes are considered to be desirable or necessary.

If the College makes changes in curriculum, courses, and/or other requirements, the changes may be applied to students already enrolled provided they do not increase the number of hours needed to complete a program of study and receive a degree. If a program of study is revised, but the changes are not applied to students already enrolled, a student may voluntarily elect to follow the new requirements. However, the total credit hours required for graduation could be increased. A change in major or program of study will subject the student to the requirements specified in the catalog published at the time of change.
