Student Technology Fee Committee

Minutes - October, 8th 2019

2nd Floor Library Conference Room

Members in attendance: CIO Ron Solomon (RS) - Chair, IT Project Manager John Warren (JW) - Co-Chair, Asst. VC of Administration and Finance Corlin LeBlanc (CL), Director of Student Programs Tommy Morris (TM), SGA President Tara Mitchell (TaM), SGA VP of Student Programming Cydney Muhammad (CM), Parliamentarian Melanie Rubin (MR), SGA Historian Tamerick Zachary (TZ), SGA Secretary Delaney Motichek (DM), SGA Treasurer Daeleonne Owens (DO), Student Tejah Waiter (TW), Student Andrea Alford (AA), Student Chinel Biue (CB)

Approval of minutes: JW asked for approval of the meeting minutes from July 2019. TaM motioned that the minutes be approved and MR seconded the approval.

Open Issues Discussed:

- JW opened the meeting to discuss the first two agenda items and explained that it was understood that we were still waiting on the Student Center remodel to be moved further along before anything would be decided for the charging station and the messaging system for SGA. JW explained that the charging stations would be used to secure and charge student devices while in class if they choose to charge at the tables they currently use in the dining area. JW explained there are various options for pricing with the charging units depending on branding from the company or our own BRCC branding.

- JW brought up the audio issue in the large first floor Cypress classroom and that a temporary solution has been put in place but the recommendation was to upgrade to a better system in that room. RS explained that the acoustics in that room are different because of the larger size and additional equipment is needed. JW explained that the committee would be voting today for the fix for the classroom.
- TaM asked what the holdup was for a messaging system for the SGA and it was explained that until the next phase of the retrofit begins that no decision has been made. JW caught CL up on the plans for the next phase of the retrofit. CL did not have any updates at this time and is going to research the delay and have an update for the next meeting.

New Business:

- RS began speaking about the request for raises for the IT personnel that have salaries funded by the Student Technology Committee. RS explained that the raises have already happened for all employees but the IT personnel who have salaries funded by the STC. TaM asked if the salary bump would come from the SGA budget, RS explained it comes from the STC budget only. CL explained that it's a 2% raise for three employees. CL explained that in total per year the increase in all three salaries combined would be \$3,574.00. JW called for a vote on the raise for the three staff members.

The vote to approve/disapprove is below:

- Dean Gail Suberbielle, Department Chair Rhett Poche, Dr. Charles Brooks and Instructor Ricky Tucker presented a request for upgrading the colleges recording studio so students will be able to be trained on the latest technology. Dr. Brooks explained that currently while students can be taught they aren't being given ideal access to the latest software and hardware that they would encounter in the real world. The upgrade would allow for more updated instruction and a better learning experience for the students. MR asked how long it would take to complete the project if approved. Dr. Brooks explained that once all equipment arrived that he would have it setup in a day. TaM asked to explain what the ProTools software was. Dr. Brooks explained that it's an industry standard software and is used everywhere both locally and nationally. TM asked how many students are currently enrolled in ETEC. Dean Suberbielle explained that there are

currently almost 300 students enrolled in that degree program. Total cost: **This will need to be voted on again. The total requested was less than the actual costs**

Attention Student Technology Fee Committee:

In the interest of outstanding student support for Baton Rouge Community College students, I support the request from the office of Counseling and Disability Services for funding to purchase new laptops for the captionists. The current laptops are outdated and ineffective in providing the type of service to students needing captioning and related assistance in the classroom.

We ask for your support.

Thank you,

Attention Student Technology Fee Committee:

In the interest of outstanding student support for Baton Rouge Community College students at each of our sites, I support the request from the office of Counseling and Disability Services for funding to purchase the following items:

- 10 desktop cameras for skype based counseling services as well as rural site financial aid, enrollment services, and advising support.
- 4 Surface Gos for completion of forms online
- 9 Ubi Duos to enhance communication with the deaf, hard of hearing and/or communication disorders at each location.

We ask for your support.

Thank you,
